COMMISSION REGULATION (EEC) No 831/87

of 23 March 1987

fixing for the 1987 marketing year the reference prices for courgettes

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables (1), as last amended by Regulation (EEC) No 1351/86 (2), and in particular Article 27 (1) thereof,

Whereas, pursuant to Article 23 (1) of Regulation (EEC) No 1035/72, reference prices valid for the whole Community are to be fixed at the beginning of the marketing year;

Whereas courgettes are produced in such quantities in the Community that reference prices should be fixed for them;

Whereas courgettes harvested during a given crop year are marketed from January to December; whereas the quantities harvested from 1 January to 20 April and in October, November and December are so small that there is no need to fix reference prices for these periods; whereas reference prices should be fixed only for the period 21 April up to and including 30 September;

Whereas Article 23 (2) (b) of Regulation (EEC) No 1035/72 stipulates that reference prices are to be fixed at the same level as for the preceding marketing year, adjusted, after deducting the standard cost of transporting Community products between production areas and Community consumption centres in the preceding year, by:

— the increase in production costs for fruit and vegetables, less productivity growth, and

— the standard rate of transport costs in the current marketing year;

Whereas the resulting figure may nevertheless not exceed the arithmetic mean of producer prices in each Member State plus transport costs for the current year, after this amount has been increased by the rise in production costs less productivity growth; whereas the reference price may, however, not be lower than in the preceding marketing year;

Whereas, to take seasonal price variations into account, the marketing year should be divided into several periods and a reference price fixed for each of these periods;

Whereas producer prices are to correspond to the average of the prices recorded on the representative market or markets situated in the production areas where prices are lowest, during the three years prior to the date on which the reference price is fixed, for a home-grown product with defined commercial characteristics, being a product or variety representing a substantial proportion of the production marketed over the year or over part thereof and satisfying specified requirements as regards market preparation; whereas, when the average of prices recorded on each representative market is being calculated, prices which could be considered excessively high or excessively low in relation to normal price fluctuations on that market are to be disregarded;

Whereas, in accordance with Articles 140 (2) and 272 (3) of the Act of Accession, the prices of Spanish and Portuguese products will not be used for the purpose of calculating reference prices, during the first phase in the case of Spain and during the first stage in the case of Portugal;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:
