COMMISSION REGULATION (EEC) No 846/87

of 24 March 1987

on the levying of a charge on 500 000 tonnes of maize and maize products exported from Spain and repealing Regulation (EEC) No 3593/86 on the granting of a subsidy for the import of maize into Spain

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal, and in particular Article 90 thereof,

Whereas Commission Regulation (EEC) No 3593/86 of 26 November 1986 on the granting of a subsidy for the import of maize into Spain [1], provided for the granting of a subsidy for the import into Spain of 600 000 tonnes of maize from the other Community Member States except Portugal and 600 000 tonnes of maize from third countries; whereas documents have thus far been issued for the import of 500 000 tonnes of Community maize;

Whereas the situation on the maize market in Spain has improved and whereas an agreement concluded on 29 January 1987 between the Community and the United States of America provides for the import, into Spain alone, of 2 000 000 tonnes of maize from non-member countries each year for four years; whereas it is accordingly no longer necessary to grant the subsidy in respect of quantities in addition to those already committed;

Whereas, concurrently with the granting of an import subsidy, Regulation (EEC) No 3593/86 provided for the charging of a similar amount on exports, in respect of a total quantity of 1 200 000 tonnes; whereas the tonnage liable to the charge should be reduced to 500 000 tonnes, i. e. the quantity of Community maize committed;

Whereas the measure provided for in this Regulation is in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:
