of 28 October 1988

re-establishing the levying of customs duties on zinc oxide falling within CN code 2817 and dolls falling within CN code 9502, originating in China, to which the preferential tariff arrangements set out in Council Regulation (EEC) No 3635/87 apply

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3635/87 of 17 November 1987 applying generalized tariff preferences for 1988 in respect of certain industrial products originating in developing countries (1), and in particular Article 16 thereof,

Whereas, pursuant to Article 1 of Regulation (EEC) No 3635/87, duties on certain products originating in each of the countries or territories listed in Annex III shall be totally suspended and the products as such shall, as a general rule, be subject to statistical surveillance every three months on the reference base referred to in Article 15;

Whereas, as provided for in Article 15, where the increase of preferential imports of these products, originating in one or more beneficiary countries, causes, or threatens to cause, economic difficulties in the Community or in a region of the Community, the levying of customs duties may be re-established once the Commission has had an appropriate exchange of information with the Member States; whereas for this purpose the reference base to be considered shall be, as a general rule, equal to 5 % of the total importations into the Community, originating from third countries in 1986;

Whereas, in the case of zinc oxide falling within CN code 2817 and dolls falling within CN code 9502, the reference base is fixed at 282 000 and 7 632 000 ECU respectively; whereas, on 1 October 1988, imports of these products into the Community originating in China reached the reference base in question after being charged there-against; whereas the exchange of information organized by the Commission has demonstrated that continuance of the preference threatens to cause economic difficulties in a region of the Community; whereas, therefore, customs duties in respect of the products in question must be re-established against China,
