COMMISSION REGULATION (EEC) No 3502/88

of 9 November 1988

amending Regulation (EEC) No 3472/85 on the buying-in and storage of olive oil by intervention agencies

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the common organization of the market in oils and fats [1], as last amended by Regulation (EEC) No 2210/88 [2], and in particular Article 12 (4) thereof,

Whereas intervention is designed to enable products to be withdrawn temporatily from a market suffering disequilibrium with a view to their resale as soon as the market situation has improved; whereas, accordingly, products offered for intervention must be suitable, according to case, for human or animal consumption;

Whereas Council Regulation (Euratom) No 3954/87 of 22 December 1987 laying down the maximum permitted levels of radioactive contamination of foodstuffs and of feedingstuffs following a nuclear accident or any other case of radiological emergency [3] specifies the procedure to be followed in cases of radiological emergency for the determination of levels of radioactive coantamination which foodstuffs and feedingstuffs must comply with if they are to be offered for sale; whereas, consequently, agricultural products in which such radioactive contamination levels are exceeded may not be bought in;

Whereas Article 3 of Council Regulation (EEC) No 1707/86 of 30 May 1986 on the conditions governing imports of agricultural products originating in third countries following the accident at the Chernobyl nuclear power-station [4], as last amended by Regulation (EEC) No 624/87 [5], sets maximum permitted levels of radioactivity; whereas, following the expiry of Regulation (EEC) No 1707/86, the same maximum permitted levels were included in Article 3 of Council Regulation (EEC) No 3955/87 [6] superseding it; whereas agricultural products exceeding the maximum permitted levels cannot be considered as being of sound and fair merchantable quality;

Whereas it has been ascertained that as a result of the accident mentioned above, some Community agricultural production has undergone, to varying degrees, radioactive contamination; whereas it should be made clear that agricultural products of Community origin exceeding the values fixed in Article 3 of Regulation (EEC) No 3955/87 cannot be bought in;

Whereas Article 2 of Commission Regulation (EEC) No 3472/85 [7], as last amended by Regulation (EEC) No 1859/88 [8], lays down the conditions for the buying-in of olive oil; whereas those conditions should be clarified; whereas Regulation (EEC) No 3472/85 should be amended accordingly;

Whereas the degree of radioactive contamination of foodstuffs following a radiological emergency situation varies with the characteristics of the accident and the type of products; whereas the decision as to the need to carry out monitoring and on the controls themselves must accordingly be adapted to each situation and must take account, for example, of the characteristics of the regions, the products and the radionuclides concerned;

Whereas the Management Committee for Oils and Fats has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:

Article 1

The following point (c) is hereby added to the first subparagraph of Article 2 (4) of Regulation (EEC) No 3472/85:

'(c) has checked that the radioactive content of the oil offered does not exceed the maximum levels of radioactivity permitted under Community regulations. The levels applicable to products of Community origin contaminated as a result of the accident at the Chernobyl nuclear power-station shall be those fixed in Article 3 of Council Regulation (EEC) No 3955/87 (*). The level of radioactive contamination of the product shall be monitored if the situation so requires and during the period necessary only. Where necessary, the duration and scope of the controls shall be determined in accordance with the procedure laid down in Article 38 of Regulation No 136/66/EEC.

(*) OJ No L 371, 30. 12. 1987, p. 14.'

Article 2

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities*.
