COMMISSION REGULATION (EEC) No 1646/89

of 12 June 1989

amending Regulation (EEC) No 610/87 on the determination of prices of adult bovine animals on representative Community markets and the survey of prices of certain other cattle in the Community

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal (1), as last amended by Regulation (EEC) No 571/89 (2), and in particular Articles 12 (7) and 25 thereof,

Whereas the data available on the trend in cattle numbers indicate that the coefficients used in calculating the price of adult bovine animals on the representative Community markets should be adjusted;

Whereas, having regard to the trend in deliveries to certain markets in the Federal Republic of Germany, Ireland and the United Kingdom, the list of representative markets should be amended;

Whereas the development of the marketing system for beef and veal in the Netherlands has induced that Member State to amend the former national method for classifying adult bovine animals; whereas this should accordingly be based on the same scale;

Whereas under those circumstances Annexes I, II and III to Commission Regulation (EEC) No 610/77 (3), as last amended by Regulation (EEC) No 1547/88 (4), should be adopted;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,
