COMMISSION REGULATION (EEC) No 1822/89

of 23 June 1989

amending Regulation (EEC) No 3587/86 fixing the conversion factors to be applied to the buying-in prices for fruit and vegetables

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables (1), as last amended by Regulation (EEC) No 1119/89 (2), and in particular Article 16 (4) thereof,

Whereas Commission Regulation (EEC) No 3587/86 (3), as last amended by Regulation (EEC) No 2040/88 (4), fixes the conversion factors permitting the calculation of the prices at which products with characteristics different from those of products used for the fixing of the basic and buying-in prices are bought in;

Whereas Commission Regulation (EEC) No 920/89 (5) lays down quality standards for citrus fruit, apples and pears; whereas the provisions of Regulation (EEC) No 3587/86 should accordingly by adapted to those standards;

Whereas with respect to table grapes the conversion factors shall, in accordance with Article 16 (4) of Regulation (EEC) No 1035/72, be so fixed as to maintain a balance between the price at which the product is bought in under Article 19 and the price obtained for grapes produced with a view to the obligatory distillation of wine made from table grapes;

Whereas the Management Committee for Fruit and Vegetables has not delivered an opinion within the time limit set by its chairman,

HAS ADOPTED THIS REGULATION:
