Whereas Council Regulation (EEC) No 1277/84 of 8 May 1984 laying down general rules for the system of production aid for processed fruit and vegetables (3) contains provisions as to the methods for determining the production aid;

Whereas Article 5 of Regulation (EEC) No 426/86 lays down the criteria for fixing the amount of production aid; whereas account must, in particular, be taken of the aid fixed for the previous marketing year adjusted to take account of changes in the minimum price to be paid to producers, the non-member country price and, if necessary, the pattern of processing cost assessed on a flat-rate basis; whereas in respect of dried grapes a minimum import price is applicable pursuant to Article 9 of the same Regulation; whereas the non-member country price must be replaced by this price;

Whereas Article 4 (2) of Regulation (EEC) No 426/86 provides that the minimum price to be paid to producers for unprocessed sultanas and currants shall be increased each month during a certain period of the marketing year by an amount corresponding to storage costs; whereas, in fixing this amount, the technical storage costs and interest cost should be taken into consideration;
