COMMISSION REGULATION (EEC) No 2750/89

of 12 September 1989

implementing additional measures applicable to holders of long-term storage contracts for table wine for the 1988/89 wine year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 822/87 of 16 March 1987 on the common organization of the market in wine (1), as last amended by Regulation (EEC) No 1236/89 (2), and in particular Article 42 (6) thereof,

Whereas the measures implemented to support the wine market have not fully produced the results expected; whereas, in particular, the representative prices for table wine of types A I, A II, R I and R II have remained lower than the respective activating prices; whereas, therefore, the first condition laid down in Article 42 (1) of Regulation (EEC) No 822/87 for the adoption of additional measures applicable to holders of long-term storage contracts is satisfied; whereas the second condition, namely that the representative price should remain lower than the activating price for three consecutive weeks, is likely to be fulfilled for table wine of types A I, A II, R I and R II during the reference period;

Whereas, in view of the market situation, distillation as provided for in Article 42 (2) should be opened for a quantity enabling at the same time stocks to be reduced and sound conditions to be restored on the market, both of which are vital for proper management; whereas, to the same end, the storage of the wine in question as provided for in that Article should be permitted for a period of four months;

Whereas Commission Regulation (EEC) No 2721/88 (3), as amended by Regulation (EEC) No 2355/89 (4), lays down detailed rules for the application of voluntary distillation as provided for in Articles 38, 41 and 42 of Regulation (EEC) No 822/87; whereas Commission Regulation (EEC) No 2484/89 (5) fixes the prices and the aid applicable to distillation as provided for in Article 42 of Regulation (EEC) No 822/87 for the 1989/90 wine year;

Whereas storage contracts must be concluded in accordance with Commission Regulation (EEC) No 1059/83 of 29 April 1983 on storage contracts for table wine, grape must, concentrated grape must and rectified concentrated grape must (6), as last amended by Regulation (EEC) No 2753/89 (7); whereas, in order to be able to take account of changes in the market situation, provision should be made for the possibility of terminating contracts;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Wine,

HAS ADOPTED THIS REGULATION:
