concerning the stopping of fishing for blue whiting by vessels flying the flag of a Member State

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Whereas Council Regulation (EEC) No 4194/88 of 21 December 1988 fixing, for certain fish stocks and groups of fish stocks, the total allowable catches for 1989 and certain conditions under which they may be fished [3], as last amended by Regulation (EEC) No 2278/89 [4], provides for blue whiting shares of total allowable catches available to the Community for 1989;

Whereas, in order to ensure compliance with the provisions relating to the quantitative limitations on catches of stocks subject to total allowable catches, it is necessary for the Commission to fix the date by which catches made by vessels flying the flag of a Member State are deemed to have exhausted the share of the total allowable catches available to the Community;

Whereas, according to the information communicated to the Commission, catches of blue whiting in the waters of ICES divisions II a (EC zone) and IV (EC zone) by vessels flying the flag of a Member State or registered in a Member State have reached the share of the total allowable catches available to the Community for 1989,
