# COMMISSION REGULATION (EEC) No 3007/89

of 5 October 1989

**fixing for the 1989/90 marketing year the minimum purchase price for oranges, mandarins, satsumas and clementines delivered for processing and the financial compensation payable after processing**

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2601/69 of 18 December 1969 laying down special measures to encourage the processing of mandarins, satsumas, clementines and oranges (1), as last amended by Regulation (EEC) No 1123/89 (2), and in particular Article 2 (3) thereof,

Whereas, pursuant to Article 2 of Regulation (EEC) No 2601/69, the minimum price which processors must, under the terms of the contracts, pay to producers is to be fixed, for each of the products in question, on the basis of the highest withdrawal price applying during periods of major withdrawals; whereas major withdrawals are carried out from January to April for oranges, in January and February for mandarins, in November and December for satsumas and in December and January for clementines; whereas, in the case of Spain, the withdrawal prices to be used are those valid at the end of the first stage and used for determining the prices applicable from 1 January 1990 pursuant to Article 148 of the Act of Accession; whereas, in the case of Portugal, the withdrawal prices to be used are those obtaining in that Member State during the 1988-89 marketing year;

Whereas, pursuant to the second subparagraph of Article 3 (1) of Regulation (EEC) No 2601/69, financial compensation for oranges for the 1989/90 marketing year is to be fixed at a level such that the burden on the industry remains equal to that in force during the 1988/89 marketing year;

Whereas, pursuant to the third and fourth subparagraphs of Article 3 (1), the financial compensation for mandarins, satsumas and clementines is to be fixed at a level such that for each of those products the burden on the industry is equal to the burden on the industry for oranges, taking account of differences in juice yields;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,
