COUNCIL REGULATION (EEC) No 3606/89

of 20 November 1989

establishing ceilings and Community surveillance for imports of certain products originating in Yugoslavia (1990)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas a Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia (1) was concluded on 24 January 1983;

Whereas Article 1 of Protocol 1 to that Agreement provides that imports of specified products are to be subject to annual ceilings above which the customs duties actually applied in respect of third countries may be re-established; whereas an Additional Protocol to that Cooperation Agreement (2) establishing new trade arrangements and amending the said Protocol 1 has been concluded and entered into force on 1 January 1988; whereas, moreover, a new Supplementary Protocol to the Cooperation Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia concerning trade in textile products, hereinafter referred to as the 'Supplementary Protocol', has been initialled; whereas, pending the entry into force of the Supplementary Protocol, the arrangements laid down by the Council Decision 87/537/EEC of 11 December 1986 on the provisional application of the Agreement between the European Economic Community and the Socialist Federal Republic of Yugoslavia on trade in textile products (3) should be applied from 1 January 1990; whereas, under these circumstances, the Commission must be kept regularly informed of the trend of imports of the said products and it is therefore necessary for imports of those products to be subject to surveillance; whereas the said annual tariff ceilings should therefore be opened at appropriate levels for 1990;

Whereas Council Regulation (EEC) No 4150/87 of 21 December 1987 laying down arrangements for Spain's and Portugal's trade with Yugoslavia and amending Regulations (EEC) No 449/86 and (EEC) No 2573/87 (4) provides that from its entry into force the Kingdom of Spain and the Portuguese Republic are to apply duties progressively reducing the gap between the basic duties and the preferential duties in accordance with a given timetable;

Whereas Community surveillance may be achieved by means of an administrative procedure based on charging imports of the products in question against the ceilings at Community level as and when those products are entered with the customs authorities for free circulation; whereas this administrative procedure must make provision for the possibility of re-establishing customs duties as soon as the ceilings are reached at Community level;

Whereas this administrative procedure requires close and particularly rapid cooperation between the Member States and the Commission and the latter must in particular be able to follow the progress of quantities charged against the ceilings and keep the Member States informed; whereas this cooperation has to be particularly close since the Commission must be able to take appropriate measures to re-establish customs tariffs if one of the ceilings is reached,

HAS ADOPTED THIS REGULATION:

Article 1

1. From 1 January to 31 December 1990, imports into the Community of certain products originating in Yugoslavia and listed in Annexes I, II, III and IV shall be subject to ceilings and Community surveillance.

The description of the products referred to in the first subparagraph, their combined nomenclature codes and the corresponding ceilings or sub-ceilings are set out in the said Annexes. In Annex II, the ceilings are indicated in column 4 (b).

(1) OJ No L 41, 14. 2. 1983, p. 1.
(2) OJ No L 389, 31. 12. 1987, p. 73.
(3) OJ No L 318, 7. 11. 1987, p. 51.
(4) OJ No L 389, 31. 12. 1987, p. 1.

Within the limits of these tariff measures, the Kingdom of Spain and the Portuguese Republic shall apply duties calculated in accordance with Regulation (EEC) No 4150/87.

2. The ceilings laid down for certain products listed in Annex II which have been the subject of an outward processing operation in accordance with the Community rules on economic outward processing are indicated in column 4 (a).

3. Quantities shall be charged against the ceilings or sub-ceilings as and when the products are entered with customs authorities for free circulation accompanied by a movement certificate in accordance with the rules contained in Protocol 3 to the Agreement.

With regard to the ceilings established for categories 5, 6, 7, 8, 15 and 16 of column 4 (a) of Annex II, reimported goods which have been the subject of an outward processing operation in accordance with the Community rules on economic outward processing may be charged against the respective ceilings only if the movement certificate issued by the competent Yugoslav authorities contains a reference to the prior authorization provided for by the Community rules on economic outward processing.

Goods may be charged against a ceiling or sub-ceiling only if the movement certificate is presented before the date on which customs duties are re-established.

The extent to which the ceilings and sub-ceilings are used up shall be determined at Community level on the basis of the imports charged against them in the manner defined in the first, second and third sub-paragraphs.

Member States shall periodically inform the Commission of imports charged in accordance with the above procedure; such information shall be supplied under the conditions laid down in paragraph 5.

4. As soon as the ceilings or sub-ceilings have been reached, the Commission may adopt a regulation re-establishing, until the end of the calendar year, the customs duties actually applied in respect of third countries.

However, should customs duties be re-established, imports of the products listed in Annex V which have obtained originating status within the meaning of Protocol 3 to the Agreement in the free zone established by the Agreements signed at Osimo shall continue to benefit from exemption from customs duties provided that originating status is certified on the movement certificate by the competent Yugoslav authorities.

5. Member States shall send the Commission not later than the 15th day of each month statements of the quantities charged during the preceding month. If the Commission so requests, they shall provide such statements for a period of 10 days and forward them within five clear days of the end of each 10-day period.

Article 2

The Member States and the Commission shall cooperate closely to ensure that this Regulation is complied with.

Article 3

This Regulation shall enter into force on 1 January 1990.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 20 November 1989.

For the Council

The President

H. NALLET
