of 21 February 1989

amending Regulation (EEC) No 1813/84 laying down detailed rules for applying the differential amounts for colza, rape and sunflower seed

Having regard to Council Regulation (EEC) No 1569/72 of 20 July 1972 laying down special measures for colza, rape and sunflower seed [3], as last amended by Regulation (EEC) No 2216/88 [4], and in particular Article 7 thereof,

Whereas Commission Regulation (EEC) No 1813/84 [5], as last amended by Regulation (EEC) No 2138/87 [6], stipulates that the differential amount is to include a target price corrective reflecting the effect of the monetary gap on the target price; whereas for this purpose the target price is reduced by a percentage, at present 7,5 %; whereas in view of the market trend and to avoid disturbance the percentage should be increased;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,
