COMMISSION REGULATION (EEC) No 1112/90

of 30 April 1990

reducing the basic and buying-in prices for cauliflowers for the period 1 to 13 May 1990 following the monetary realignment of 5 January 1990 and the overrun in the intervention threshold

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables (1), as last amended by Regulation (EEC) No 1119/89 (2), and in particular Article 16b (4) thereof,

Having regard to Commission Regulation (EEC) No 1677/85 of 11 June 1985 on the monetary compensatory amounts in agriculture (3), as last amended by Regulation (EEC) No 1889/87 (4), and in particular Article 6 (3) thereof,

Whereas Commission Regulation (EEC) No 784/90 of 29 March 1990 fixing the reducing coefficient for agricultural prices as a result of the monetary realignment of 5 January 1990 and amending the prices and amounts fixed in ecus for that marketing year (5) establishes the list of prices and amounts in the fruit and vegetables sector to which the coefficient 1,001712 is applied in the framework of the arrangements for the automatic dismantlement of negative monetary gaps; whereas Article 3 of Regulation (EEC) No 784/90 provides that the resulting reduction in particular for prices and amounts fixed in ecus by the Council for the 1990/91 marketing year is to be specified and those reduced prices and amounts are to be fixed; whereas the basic and buying-in prices for cauliflowers for the period 1 to 13 May 1990 were fixed by Council Regulation (EEC) No 1056/90 (6);

Whereas Commission Regulation (EEC) No 1370/89 (7) fixes the intervention threshold for cauliflowers for the 1989/90 marketing year at 55 400 tonnes;

Whereas Article 3 of Council Regulation (EEC) No 1122/89 of 27 April 1989 laying down specific measures for the application of certain intervention thresholds in the fruit and vegetables sector for the 1989/90 marketing year (8) provides that were the sum of the quantities of cauliflowers bought in in Spain on the one hand and in the Community of Ten on the other hand pursuant to Articles 15, 15a, 15b, 19 and 19a of Regulation (EEC) No 1035/72 during the 1989/90 marketing year exceeds the sum of the intervention thresholds fixed for that product for all or part of that marketing year, the basic and buying-in prices fixed for that product for the 1990/91 marketing year are to be reduced by 1 % for every 18 500 tonnes by which the thresholds are exceeded;

Whereas, pursuant to Article 2 (1) of Regulation (EEC) No 1370/89, the overrun in the intervention threshold fixed for cauliflowers for the 1989/90 marketing year is to be assessed on the basis of quantities bought in between 1 February 1989 and 31 January 1990;

Whereas, according to information provided by the Member States, the intervention measures adopted for cauliflowers in the Community of Eleven in respect of the 1989/90 marketing year have involved 134 259 tonnes; whereas an overrun of 78 859 tonnes in the intervention threshold fixed for that marketing year has therefore been recorded by the Commission;

Whereas, as a result of the foregoing, the basic and buying-in prices fixed for cauliflowers for the period 1 to 13 May 1990 by Regulation (EEC) No 1056/90 must be reduced by 4 %; whereas that reduction must come on top of that resulting from the monetary realignment of 5 January 1990;

Whereas during the first stage Portugal is authorized to maintain, in the fruit and vegetables sector, the regulations in force under the national arrangements obtaining previously for the organization of its internal agricultural market under the conditions laid down pursuant to Articles 262 to 265 of the Act of Accession; whereas, accordingly, the prices and amounts fixed in this Regulation are only applicable in the Community with the exception of Portugal;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,
