COMMISSION REGULATION (EEC) No 2136/90

of 24 July 1990

fixing for the 1990/91 marketing year the minimum price to be paid to producers for Williams and Rocha pears and the amount of production aid for such pears in syrup and/or natural fruit juice

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 426/86 of 24 February 1986 on the common organization of the market in products processed from fruit and vegetables [1], as last amended by Regulation (EEC) No 1202/90 [2], and in particular Articles 4 (4) and 5 (5) thereof,

Whereas Council Regulation (EEC) No 1206/90 [3] lays down general rules for the system of production aid for processed fruit and vegetables;

Whereas, under Article 4 (1) of Regulation (EEC) No 426/86, the minimum price to be paid to producers is to be determined on the basis of, firstly, the minimum price applying during the previous marketing year, secondly, the movement of basic prices in the fruit and vegetable sector, and thirdly, the need to ensure the normal marketing of fresh products for the various uses, including supply of the processing industry;

Whereas Article 5 of Regulation (EEC) No 426/86 lays down the criteria for fixing the amount of production aid; whereas acocunt must, in particular, be taken of the aid fixed for the previous marketing year adjusted to take account of changes in the minimum price to be paid to producers and the difference between the cost of the raw material in the Community and in the major competing third countries;

Whereas Article 4 of Regulation (EEC) No 1206/90 provides for the establishment of a system of monetary adjustment with the aim of correcting production aid by the impact, on the minimum price minus the aid, of the differences between the agricultural conversion rate and the average of the market exchange rates during a period to be determined; whereas, in view of the current market situation and in order to ensure normal competition with third countries, such a system of adjustment should be implemented by applying a coefficient to the aid;

Whereas Commission Regulation (EEC) No 784/90 of 29 March 1990 fixing the reducing coefficient for agricultural prices in the 1990/91 marketing year as a result of the monetary realignment of 5 January 1990 and amending the prices and amounts fixed in ecus for that marketing year [4] lays down the list of prices and amounts to which the coefficient of 1,001712 is to be applied within the framework of the system for the automatic dismantlement of negative monetary compensatory amounts; whereas the prices and amounts fixed in ecus by the Commission for the 1990/91 marketing year must take account of the ensuing reduction;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Products Processed from Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:
