COMMISSION REGULATION (EEC) No 2690/90

of 19 September 1990

fixing the number of young male bovine animals which may be imported on special terms in the fourth quarter of 1990, and derogating from Regulation (EEC) No 2377/80 in respect of that quarter as regards the allocation of the quantities available

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal (1), as last amended by Regulation (EEC) No 571/89 (2) and in particular Articles 13 (4), 15 (2) and 25 thereof,

Whereas the Council has drawn up an estimated supply balance of 198 000 head under the new import arrangements applicable to young male bovine animals for fattening for the period 1 January to 31 December 1990; whereas, pursuant to Article 13 (4) (a) of Regulation (EEC) No 805/68, the number which may be imported each quarter and the rate of reduction in the import levy on such animals must be determined;

Whereas detailed rules for the practical application of these special arrangements were laid down in Commission Regulation (EEC) No 612/77 (3), as last amended by Regulation (EEC) No 1121/87 (4), and in Commission Regulation (EEC) No 2377/80 (5), as last amended by Regulation (EEC) No 1618/90 (6);

Whereas the supply requirements of certain regions of the Community which have a serious shortfall in bovine animals for fattening must be taken into account; whereas those requirements are apparent in Italy and Greece and may be estimated for the fourth quarter of 1990 at 42 120 head and 6 435 head respectively in those Member States;

Whereas the supply requirements in young bovine animals for fattening justify, for the fourth quarter of 1990, a higher rate of reduction in the levy on animals weighing from 220 to 300 kilograms per head, originating in and coming from Yugoslavia, Hungary or Poland;

Whereas the quantities available must be shared between the traditional trade and other potential applicants;

Whereas, in order to simplify the procedure for allocating the quantities available it is necessary to derogate from Regulation (EEC) No 2377/80; whereas in the case of the traditional trade the quantities available should be allocated directly in proportion to the number of head imported during the last three years; whereas in the case of other applicants the quantities available should be allocated directly in proportion to the number of head for which application is made;

Whereas, in the case of other applicants, the maximum quantity which each application for an import licence may cover must be limited, in order to permit a more equitable distribution of the quantities available; whereas for financial reasons a minimum number of head should be set for these applications;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:
