COMMISSION REGULATION (EEC) No 3546/90

of 7 December 1990

on the application of the arrangements for limiting guarantees in the sheepmeat and goatmeat sectors for the 1991 marketing year and altering the prices and amounts fixed in ecus for that marketing year as a result of the monetary realignment of 5 January 1990

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3013/89 of 25 September 1989 on the common organization of the market in sheepmeat and goatmeat (1), and in particular Article 8 (3) thereof,

Having regard to Council Regulation (EEC) No 1677/85 of 11 June 1985 on monetary compensatory amounts in agriculture (2), as last amended by Regulation (EEC) No 2205/90 (3), and in particular Article 6 (3) thereof,

Whereas Article 8 of Regulation (EEC) No 3013/89 introduced arrangements for limiting the guarantees applicable for each marketing year; whereas Article 25 (1) and (3) of that Regulation provide that, should the United Kingdom, as a transitional measure, apply the variable premium arrangements, the arrangements for limiting guarantees are to be applied separately in Great Britain, on the one hand, and in all the other regions, on the other; whereas, however, Article 25 (4) provides that the reductions in the basic price made in respect of Great Britain on the one hand and the rest of the Community on the other are to be gradually merged into a single reduction in proportion to the actual dismantling of the variable premium during each marketing year;

Whereas the detailed rules for the application of these arrangements were laid down by Commission Regulation (EEC) No 1310/88 (4), as amended by Regulation (EEC) No 980/89 (5);

Whereas, for the 1991 marketing year, the estimate of ewe numbers exceeds the maximum guaranteed level, giving rise to the fixing of a reducing coefficient;

Whereas Commission Regulation (EEC) No 784/90 of 29 March 1990 fixing the reducing coefficient for agricultural prices in the 1991/91 marketing year as a result of the monetary realignment of 5 January 1990 and amending the prices and amounts fixed in ecus for that marketing year (6) established the list of the prices and amounts in the sheepmeat sector which are to be divided by the coefficient 1,001712 from the starting date of the 1991 marketing year as part of the arrangements for the automatic dismantlement of negative monetary gaps; whereas Article 3 of Regulation (EEC) No 784/90 provides that the reduction resulting therefrom is to be specified;

Whereas, for the 1991 marketing year, the basic price in the sheepmeat sector was fixed by Council Regulation (EEC) No 1322/90 (7); whereas the seasonal adjustment of the basic price and of the guide level was fixed by Council Regulation (EEC) No 1973/90 (8);

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Sheep and Goats,

HAS ADOPTED THIS REGULATION:

Article 1

For the 1991 marketing year:

(a) the coefficient referred to in the first indent of Article 8 (2) of Regulation (EEC) No 3013/89 is hereby fixed as follows:

— Great Britain: 9,0,

— the remainder of the Community: 6,0;

(b) in view of the alignment provided for in Article 25 (4) of Regulation (EEC) No 3013/89, the coefficient actually applicable is hereby fixed as follows:

— Great Britain: 8,10,

— the remainder of the Community: 6,45.
