COUNCIL REGULATION (EEC) No 3921/90

of 20 December 1990

opening and providing for the administration of autonomous Community tariff quotas for certain fishery products (1991)

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 28 thereof,

Having regard to the proposal from the Commission,

Whereas Community supplies of certain species of fish or fish fillets currently depend on imports from third countries; whereas it is in the Community's interest to suspend partially the customs duties for the products in question, within Community tariff quotas of an appropriate volume; whereas, in order not to jeopardize the development prospects of this production in the Community and to ensure an adequate supply to satisfy user industries, it is advisable to open these quotas for the period from 1 April to 31 December 1991 applying customs duties varied accordingly to sensitivity of the different products on the Community market;

Whereas it is necessary, in particular, to ensure for all Community importers equal and uninterrupted access to the said quotas and to ensure the uninterrupted application of the rates laid down for the quotas to all imports of the products concerned into all Member States until the quotas have been used up; whereas the necessary measures should be taken to ensure efficient Community management of the tariff quotas, while allowing Member States to draw on the quota volumes the necessary quantities which correspond to importations actually made; whereas this type of management requires close cooperation between the Member States and the Commission;

Whereas, since the Kingdom of Belgium, the Kingdom of the Netherlands and the Grand Duchy of Luxembourg are united within, and jointly represented by, the Benelux Economic Union, any operation relating to the administration of the tariff quotas may be carried out by any of its members,

HAS ADOPTED THIS REGULATION:

If a Member State does not use the quantities drawn, it shall return them as soon as possible to the corresponding quota amount.

If the quantities requested are greater than the available balance of the quota amount, allocation shall be made on a *pro rata* basis with respect to the requests. Member States
