COMMISSION REGULATION (EEC) No 1150/91

of 3 May 1991

opening a standing invitation to tender for the export of 100 000 tonnes of feed rye held by the German intervention agency

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2727/75 of 29 October 1975 on the common organization of the market in cereals (1), as last amended by Regulation (EEC) No 3577/90 (2), and in particular Article 7 (6) thereof,

Whereas Article 3 of Council Regulation (EEC) No 1581/86 of 23 May 1986 laying down general rules for intervention on the market in cereals (3), as amended by Regulation (EEC) No 2203/90 (4), lays down that cereals held by the intervention agencies are to be disposed of by invitation to tender;

Whereas Commission Regulation (EEC) No 1836/82 (5), as last amended by Regulation (EEC) No 2619/90 (6), lays down the procedure and conditions for the disposal of cereals held by intervention agencies;

Whereas, given the current market situation, a standing invitation to tender should be opened for the export at the beginning of the 1991/92 cereals marketing year of 100 000 tonnes of feed rye held by the German intervention agency;

Whereas the proposed invitation to tender for the export of intervention stocks is special in that it will be opened at the end of the marketing year, from May 1991, but for deliveries which will not be possible until the new marketing year between 1 July and 31 August 1991; whereas there should therefore be a derogation from the first paragraph of Article 16 of Regulation (EEC) No 1836/82, which provides for a maximum delay of one month between acceptance of the tender and payment and also a derogation from the second paragraph of Article 16 of the said Regulation, application of which would have led to the price accepted already being increased by monthly increments for the removal of the rye from the intervention store in July, whereas export was not scheduled previously;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:
