COMMISSION REGULATION (EEC) No 1843/91

of 28 June 1991

on transitional measures concerning the application of certain monetary compensatory amounts

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Commission Regulation (EEC) No 3156/85 of 11 November 1985 on transitional measures concerning the application of monetary compensatory amounts (1), as amended by Regulation (EEC) No 3521/88 (2), and in particular Article 11 thereof,

Whereas Regulation (EEC) No 3156/85 lays down a framework for measures intended to prevent artifical traffic at the time of changes in the monetary compensatory amounts;

Whereas Council Regulation (EEC) No 1640/91 (3) fixes the new agricultural conversion rates taking effect at the beginning of the 1991/92 marketing year for cereals, sugar, eggs and poultrymeat, and pigmeat;

Whereas those new rates have resulted in a considerable change in the scale of monetary compensatory amounts applicable in particular in Greece;

Whereas, in view of this situation, speculative movements are likely to occur and deflect trade; whereas, however, the trend in the market rate used for the calculation of the MCAs may substantially reduce such risks of deflection; whereas the application of the transitional measures should accordingly be suspended where the monetary gaps applicable remain within certain limits;

Whereas, in order to prevent such deflections, for products likely to be subject to such speculation, provision should be made for the monetary compensatory amounts applicable to the products concerned before those new rates are fixed to remain applicable for a limited period beyond that date; whereas the dates and the products in question must be determined in the light of the specific conditions governing the marketing of such products;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the relevant management committees,

HAS ADOPTED THIS REGULATION:
