COMMISSION REGULATION (EEC) No 2212/91

of 25 July 1991

laying down detailed rules for urgent action for the supply of butter to Romania and amending Regulation (EEC) No 569/88

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 597/91 of 5 March 1991 on urgent action for the supply of agricultural and medical products intended for the people of Romania and Bulgaria [1], and in particular Article 5 thereof,

Having regard to Council Regulation (EEC) No 1676/85 of 11 June 1985 on the value of the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy [2], as last amended by Regulation (EEC) No 2205/90 [3], and in particular Article 2 (4) thereof,

Whereas Regulation (EEC) No 597/91 provides for urgent action for the free supply of agricultural products to Bulgaria and Romania; whereas the costs of supplying these products are to be met by the Community; whereas, for the purposes of implementing the urgent action, detailed rules of application should be laid down for the milk and milk products sector;

Whereas, in order to effect these supplies, products available as a result of intervention measures should be released; whereas, in view of the quantity and location of intervention stocks, a total of 5 000 tonnes of butter stored in France and Germany should be mobilized; whereas, in order to allow competition under fair conditions, it should be made possible for tenderers to take over products from the German intervention agency or from the French agency and, consequently, to submit their tenders to either of these agencies;

Whereas, pursuant to Regulation (EEC) No 597/91, suppliers are to be chosen by tendering procedure; whereas this procedure must enable the following expenses to be determined for butter made available by the abovementioned intervention agencies; Whereas the packaging costs and the costs of transport to the required destination should be determined; whereas, pursuant to the same Regulation, no export refund is to be granted, or monetary compensatory amounts applied, in respect of the products supplied;

Whereas, in order to ensure that the supplies are effected properly, the conditions for lodging securities should be determined together with the necessary detailed rules for the implementation of both Commission Regulation (EEC) No 2220/85 of 22 July 1985 laying down common detailed rules for the application of the system of securities for agricultural products [4], as last amended by Regulation (EEC) No 3745/89 [5], and Commission Regulation (EEC) No 569/88 of 16 February 1988 laying down common detailed rules for verifying the use and/or destination of products from intervention [6], as last amended by Regulation (EEC) No 1933/91 [7];

Whereas, for the purposes of determining the supply costs and the securities to be lodged, and in order to adopt a balanced approach in line with actual economic conditions, provision should be made for the use of the representative market rates referred to in Article 3a of Commission Regulation (EEC) No 3152/85 of 11 November 1985 laying down detailed rules for the application of Council Regulation (EEC) No 1676/85 on the value of the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy [8], as last amended by Regulation (EEC) No 3237/90 [9];

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:
