COMMISSION REGULATION (EEC) No 2821/91

of 26 September 1991

fixing the sluice-gate prices and levies for poultrymeat

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 2777/75 of 29 October 1975 on the common organization of the market in poultrymeat (1), as last amended by Regulation (EEC) No 1235/89 (2), and in particular Articles 3 and 7 (1) thereof,

Whereas the sluice-gate prices and levies for the products specified in Article 1 (1) of Regulation (EEC) No 2777/75 must be fixed quarterly in advance in accordance with methods of calculation laid down in Council Regulation (EEC) No 2778/75 of 29 October 1975 laying down rules for calculating the levy and the sluice-gate price for poultrymeat (3), as last amended by Regulation (EEC) No 3986/87 (4);

Whereas, since the sluice-gate prices and levies for poultrymeat were, by Commission Regulation (EEC) No 1816/91 (5) last fixed for the period 1 July to 30 September 1991, they must be fixed anew for the period 1 October to 31 December 1991; whereas such prices and levies should in principle be calculated by reference to feed-grain prices for the period 1 April to 31 August 1991;

Whereas, when the sluice-gate prices applicable from 1 October, 1 January and 1 April are being fixed, trends in world market prices for feed grain are to be taken into account only if the price of the quantity of feed grain required varies by at least a specified minimum in relation to that used to calculate the sluice-gate price for the preceding quarter; whereas, by Regulation (EEC) No 2778/75, this minimum was set at 3 %;

Whereas the price of the quantity of feed grain required for the production of poultrymeat varies by more than 3 % from that used for the preceding quarter; whereas this variation must accordingly be taken into account in fixing sluice-gate prices for the period 1 October to 31 December 1991;

Whereas, when the levies applicable from 1 October, 1 January and 1 April are being fixed, changes in world market prices for feed grain should be taken into account only if at the same time a new sluice-gate price is fixed;

Whereas, since a new sluice-gate price is to be fixed for certain product; changes in world market prices for feed grain must be taken into account in fixing the levies;

Whereas, by Council Regulations (EEC) No 3834/90 of 20 December 1990 reducing for 1991 the levies on certain agricultural products originating in developing countries (6) and (EEC) 715/90 of 5 March 1990 on the arrangements applicable to agricultural products and certain goods resulting from the processing of agricultural products originating in the African, Caribbean and Pacific States (ACP States) or the overseas countries and territories (OCT) (7), as last amended by Regulation (EEC) No 523/91 (8), special import arrangements were introduced involving a reduction to 50 % in levies within the framework of fixed amounts or annual quotas, in particular for certain poultry meat products;

Whereas Council Regulation (EEC) No 3833/90 of 20 December 1990 applying generalized tariff preferences for 1991 in respect of certain agricultural products originating in developing countries (9), as amended by Regulation (EEC) No 3835/90 (10), partially or totally suspends Common Tariff duties, in particular on certain poultry meat products;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Poultrymeat and Eggs,

This Regulation shall be binding in its entirety and directly applicable in all Member States.
