Having regard to the proposal from the Commission,

Whereas Regulation (EEC) No 3420/83 (1) as last amended by Regulation (EEC) No 2727/90 (2), refers to the nomenclatures of the Common Customs Tariff and NIMEXE; whereas the said nomenclatures have been replaced by the 'combined nomenclature' (CN), the codes and product descriptions of which replace those of the other two nomenclatures from 1 January 1988; whereas Article 1 (4) of the said Regulation (EEC) No 3420/83 and Annexes II and III thereto should therefore be amended accordingly;

Whereas the new classification of textiles in categories laid down in Council Regulation (EEC) No 768/88 of 2 February 1988 amending Regulation (EEC) No 4136/86 on common rules for imports of certain textile products originating in third countries (3) and, as regards China, in Council Regulation (EEC) No 668/88 of 2 February 1988 amending Regulation (EEC) No 2072/84 on common rules for imports of certain textile products originating in the People's Republic of China (4) should be used; whereas the latter Regulation provides that for products covered by the arrangement regarding international trade in textiles (MFA) there should be no longer be a different classification for China; whereas Annexes II a and II b to the said Regulation (EEC) No 3420/83 can accordingly be merged to form a single Annex II;

Whereas the Community's import arrangements have already been subject to various other amendments and whereas the Annexes to the said Regulation (EEC) No 3420/83 should therefore be generally updated,

HAS ADOPTED THIS REGULATION:

ANNEX II

LIST OF TEXTILE PRODUCTS REFERRED TO IN ARTICLE 1 (4) ORIGINATING IN STATE-TRADING COUNTRIES

1. Without prejudice to the rules for the interpretation of the combined nomenclature, the wording of the description of goods is considered to be of indicative value only, since the products covered by each category are determined, within this Annex, by CN codes. Where there is an 'ex' symbol in front of a CN code, the products covered in each category are determined by the scope of the CN code and by that of the corresponding description.

2. Garments which are not recognizable as being garments for men or boys or as being garments for women or girls are classified with the latter.

3. Where the expression 'babies' garments' is used, this is meant also to cover girls' garments up to and including commercial size 86.
