THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal, and in particular Articles 89 (1) and 234 (2) thereof,

Having regard to Council Regulation 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats [1], as last amended by Regulation (EEC) No 1720/91 [2], and in particular the second subparagraph of Article 4 (4) and Article 11 (6) thereof,

Having regard to the proposal from the Commission,

Whereas the representative market price must be fixed according to the criteria laid down in Article 7 of Regulation No 136/66/EEC;

Whereas the threshold price must be fixed in such a way that the selling price for the imported product at the frontier crossing point determined in accordance with Article 9 of Regulation No 136/66/EEC is the same as the representative market price, account being taken of the effect of the measures referred to in Article 11 (6) of the said Regulation;

Whereas Article 2 of Council Regulation (EEC) No 3416/90 of 27 November 1990 on the introduction of Community aid for the consumption of olive oil in Spain and Portugal [3] lays down criteria for adjusting this aid to the Community level; whereas the application of those criteria results in consumption aid in Spain and Portugal during the 1991/92 marketing year being fixed at the levels indicated in Article 2 of this Regulation;

Whereas, pursuant to Article 11 (5) and (6) of Regulation No 136/66/EEC, a certain percentage of the consumption aid during each olive oil marketing year is to be used, on the one hand, to finance the recognized trade organizations referred to in paragraph 3 of the abovementioned Article and, on the other hand, to finance measures to promote olive oil consumption in the Community; whereas the said percentages for the 1991/1992 marketing year should be fixed,
