COMMISSION REGULATION (EEC) No 662/91

of 19 March 1991

amending Regulation (EEC) No 3813/90 laying down the level of the accession compensatory amounts for milk and milk products applicable between the Community of Ten and Portugal and third countries

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3640/90 of 11 December 1990 determining the general rules for the system of accession compensatory amounts for milk and milk products during the second stage of the accession of Portugal [1], and in particular Article 6 thereof,

Whereas Commission Regulation (EEC) No 3813/90 [2] lays down the accession compensatory amounts applicable from 1 January 1991 for milk and milk products in trade between the Community of Ten and Portugal and between Portugal and third countries; whereas, as regards trade in whey, an accession compensatory amount calculated on the basis of the value of the raw material used in the manufacture of cheese was fixed; whereas the market prices notified subsequently by Portugal show that in actual fact those prices are at the level of the price in the Community of Ten and that accordingly an accession compensatory amount should not be laid down; whereas a similar decision must be taken for lactose, a product derived from whey;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Milk and Milk Products,

HAS ADOPTED THIS REGULATION:
