COMMISSION REGULATION (EEC) No 1261/92

of 15 May 1992

adopting interim protective measures in so far as concerns Spain in regard to applications for STM licences coming from the Community of Ten for milk and milk products lodged as from 11 May 1992

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to the Act of Accession of Spain and Portugal, and in particular Article 85 (1) thereof,

Whereas Commission Regulation (EEC) No 608/86 [1] laying down detailed rules for applying the supplementary trade mechanism to milk products imported into Spain from the Community of Ten and from Portugal, as last amended by Regulation (EEC) No 705/92 [2], fixes the indicative ceilings for milk sector products for 1992 and splits these up into monthly ceilings;

Whereas applications for STM licences in the Community of Ten for cheese of category 5a have reached the ceiling set for May 1992;

Whereas Article 85 (1) of the Act of Accession states that the Commission may take interim protective measures necessary by an emergency procedure where the situation indicates that the initiative ceiling will be attained or exceeded; whereas to this end it is necessary, for the products concerned and only for the Community of Ten, to suspend all further issuing of licences for the products in question; whereas new applications may be lodged for this product from 25 May 1992 pursuant to Commission Regulation (EEC) No 1185/92 [3],

HAS ADOPTED THIS REGULATION:

Article 1

The issuing of STM licences for May 1992 in the Community of Ten is hereby provisionally suspended for products falling within category 5a for applications lodged as from 11 May 1992.

Article 2

This Regulation shall enter into force on 18 May 1992.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
