THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 1600/92 of 15 June 1992, introducing specific measures for the Azores and Madeira concerning certain agricultural products [1] and in particular Article 10 hereof,

Whereas in application of Articles 2, 3 and 4 of Regulation (EEC) No 1600/92 it is necessary to determine for the beef and veal sector and for the 1992/1993 marketing year, on the one hand, the quantities of meat and processed products of the forecast supply balance for Madeira which benefit from an exemption from the levy on direct imports from third countries or from an aid for deliveries originating from the rest of the Community, and on the other hand, the quantities of pure-bred breeding animals originating in the Community which benefit from an aid with a view to developing the potential for production in the Azores and Madeira;

Whereas it is appropriate to fix the amount of the aids referred to above for the supply to these Islands, on the one hand, of meat and, on the other hand, of breeding animals originating in the rest of the Community; whereas these aids must be fixed taking into account in particular the costs of supply from the world market, conditions due to the geographical situation of these Islands and the basis of the current prices on export to third countries for the animals or products concerned;

Whereas the common detailed implementing rules for the supply regime for the Azores and Madeira for certain agricultural products were laid down by Commission Regulation (EEC) No 1696/92 [2]; whereas it is appropriate to lay down complementary implementing rules adjusted in the light of current commercial practices in the beef and veal in particular regarding the duration of the validity of import licences and the aid, certificates and the amount of the securities ensuring compliance with their obligations by operators;

Whereas with view to efficiently managing the supply regime, it is necessary to provide for a time limit for the making of requests for certificates and a period of reflection for the delivery of the latter;

Whereas in application of Commission Regulation (EEC) No 1600/92, the supply regime is applicable from 1 July 1992; whereas it is necessary to provide for application of the detailed implementing rules from the same date;
