COMMISSION REGULATION (EEC) No 2030/92

of 22 July 1992

determining the extent to which applications lodged in July 1992 for import licences for certain pigmeat products can be accepted

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3834/90 of 20 December 1990 reducing for 1991 the levies on certain agricultural products originating in developing countries (1), as last amended by Regulation (EEC) No 1509/92 (2),

Whereas Commission Regulation (EEC) No 1732/92 (3) set the quantities of pigmeat products that can be imported at a reduced levy for the period 1 July to 30 September 1992;

Whereas Article 4 (5) of Commission Regulation (EEC) No 3745/91 (4) stipulates that the quantities applied for can be reduced; whereas applications for import licences lodged under the said Regulation are for total quantities in excess of those available under Article 2 for products named against order number 59.0010 in Regulation (EEC) No 3834/90; whereas in order to ensure a fair distribution of these quantities those applied for should be reduced by a fixed percentage;

Whereas the applications made for licences for products named against order number 59.0080 in Regulation (EEC) No 3834/90 are for quantities lower than those available; whereas these applications can therefore be met in full;

Whereas Article 4 (5) of Regulation (EEC) No 3745/91 stipulates that if the total quantity for which applications have been submitted is less than that available the Commission shall calculate the quantity remaining, which is to be added to that available for the following period; whereas the quantity available for the fourth period of 1992 of the products named against order number 59.0040, 59.0060, 59.0070 and 59.0080 in Regulation (EEC) No 3834/90 should therefore be determined;

Whereas it is appropriate to draw the attention of operators to the fact that licences may only be used for products which comply with all veterinary rules currently in force in the Community,

HAS ADOPTED THIS REGULATION:
