# COMMISSION REGULATION (EEC) No 2223/92

## of 31 July 1992

## on the release of securities lodged for import licences provided for by Regulation (EEC) No 3745/91 in the pigmeat sector

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3834/90 of 20 December 1990 reducing for 1991 the levies on certain agricultural products originating in developing countries [1], as last amended by Regulation (EEC) No 1509/92 [2], and in particular Article 3 thereof,

Whereas Commission Regulation (EEC) No 3745/91 [3], as amended by Regulation (EEC) No 566/92 [4], laid down detailed rules for the application in the pigmeat sector of Council Regulation (EEC) No 3588/91 of 3 December 1991 extending to 1992 the application of Regulation (EEC) No 3834/90 reducing for 1991 the levies on certain agricultural products originating in developing countries [5], as amended by Regulation (EEC) No 282/92 [6];

Whereas Council Directive 91/688/EEC [7] of 12 December 1972 amended Directive 72/462/EEC on health and veterinary inspection problems upon importation of bovine, ovine, and caprine animals and swine, fresh meat, or meat products from third countries [8], as last amended by Directive 91/497/EEC [9], to the effect that, as of 1 July 1992, in respect of classical swine fever pigs must come from the territory of a third country which:

— has been free from classical swine fever for at least 12 months,

— has not permitted vaccination for the preceding 12 months;

Whereas Commission Decision 92/244/EEC [10], amended Commission Decision 91/449/EEC of 26 July 1991 laying down the specimen animal health certificates in respect of meat products imported from third countries concerning certain eastern European countries [11] since incompletely heat-treated meat products are not allowed to be imported from, *inter alia*, Romania, Bulgaria, Croatia and Slovenia because vaccinations against classical swine fever are carried out in those countries;

Whereas the import ban introduced by these veterinary measures will prevent, as of 1 July 1992, the import of certain pigmeat products from Romania, Bulgaria, Croatia and Slovenia into the Community;

Whereas it is therefore necessary to provide for the release of the securities provided for in Article 6 of Regulation (EEC) No 3745/91 in respect of import licences which could not be used due to these veterinary measures;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:
