Whereas the Italian intervention agency still holds stocks of bone-in beef purchased; whereas, in view of the high storage costs, an extension of the storage period for the meat should be avoided; whereas the Italian Government has organized a food-aid programme providing for the export of processed products to certain third countries; whereas certain quantities of the abovementioned intervention meat should be put up for sale with a view to such processing;

Whereas this sale should be organized in accordance with the provisions of Commission Regulation (EEC) No 2173/79 (5), as amended by Regulation (EEC) No 1809/87 (6), and Commission Regulation (EEC) No 2182/77 (7), as last amended by Regulation (EEC) No 3988/87 (8), subject to special exceptions provided for in this Regulation;

Whereas, in order to ensure the economic management of the stocks, provision should be made for intervention agencies first to sell meat which has been in storage longest;
