of 25 August 1992

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1765/92 of 30 June 1992 establishing a support scheme for producers of certain arable crops (1), and in particular Article 12 thereof,

Whereas sweet corn is covered by the Regulation on the common organization of the market in cereals; whereas the reduction in support and in protection against imports will apply to this product as it does to other cereals from the 1993/94 marketing year on; whereas the support system for producers of certain arable crops should therefore also apply to this product;

Whereas the production methods for peas for human consumption differ from those for peas for use as animal feed only in terms of the maturity of the peas at the moment of harvesting; whereas application of an alternative treatment can be ensured only by a disproportionate monitoring and inspection system; whereas this crop should therefore be added to the list of arable crops;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee on Cereals and Protein Crops,
