of 16 September 1992

determining the overrun in the Community maximum guaranteed area under cotton and the reduced aid for small cotton producers for the 1991/92 marketing year

Whereas, pursuant to Article 7 (2) of the abovementioned Regulation, the Commission is to record any overrun in the Community maximum guaranteed area and is to determine the resulting reduction in the aid; whereas, on the basis of information received from the producer Member States, the Commission has recorded an overrun for the 1991/92 marketing year in the maximum guaranteed area determined by Commission Regulation (EEC) No 2048/90 of 18 July 1990 laying down detailed rules for the application of the system of aid in favour of small cotton producers [3], as amended by Regulation (EEC) No 3218/90 [4]; whereas that overrun should therefore be determined and, using the formula laid down in Article 9 (2) of Regulation (EEC) No 2048/90, the reduced aid for that marketing year should be determined as indicated below;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Flax and Hemp,
