COMMISSION REGULATION (EEC) No 2826/92

of 29 September 1992

laying down detailed implementing rules for the specific measures for supplying the French overseas departments with products from the egg, poultrymeat and rabbit sectors

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3763/91 of 16 December 1991 introducing specific measures in respect of certain agricultural products for the benefit of the French overseas departments [1], and in particular Article 4 (5) thereof,

Having regard to Council Regulation (EEC) No 1676/85 of 11 June 1985 on the value of the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy [2], as last amended by Regulation (EEC) No 2205/90 [3], and in particular Articles 12 thereof,

Whereas in application of Article 4 of Regulation (EEC) No 3763/91, it is necessary to determine for the egg, poultrymeat and rabbit sectors for each annual period of validity, the quantities of reproductive material originating in the Community which benefit from an aid with a view to developing the potential for production in the French overseas departments;

Whereas it is appropriate to fix the amount of aids referred to above for the supply to the French overseas departments of hatching eggs, breeding chicks and breeding rabbits originating in the rest of the Community; whereas these aids must be fixed taking into account in particular the costs of supply from the world market, conditions due to the geographical situation of the French overseas departments and the basis of the current prices on export to third countries for the animals or products concerned;

Whereas the common detailed implementing rules for the supply regime for the French overseas departments for certain agricultural products were laid down by Commision Regulation (EEC) No 131/92 [4], as amended by Regulation (EEC) No 2132/92 [5]; whereas it is appropriate to lay down complementary implementing rules adjusted in the light of current commercial practices in the egg, poultrymeat and rabbit sectors in particular regarding the duration of the validity of aid certificates and the amount of securities ensuring that operators comply with their obligations;

Whereas with a view to efficiently managing the supply regime, it is necessary to provide for a time limit for the submission of applications for certificates and a period of reflection for the issue of the latter;

Whereas Article 3 (4) of Regulation (EEC) No 131/92 stipulates that the amount of the aid is that in force on the day the application for the 'aid certificate' is lodged; whereas, therefore, provision should be made for the conversion rate to be used for payment of the aid and for the lodging of a security for the certificate, to be the agricultural conversion rate in force on the day on which the application for a certificate is submitted;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committees for Eggs and Poultrymeat and for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

The aid provided for in Article 4 (1) of Regulation (EEC) No 3763/91 for the supply to the French overseas departments of breeding roosters, hens and rabbits originating in the Community as well as the number of chicks, hatching eggs and breeding rabbits which benefit from it shall be as fixed in the Annex.
