COUNCIL REGULATION (EEC) No 369/92

of 19 December 1991

amending Regulation (EEC) No 4136/86 on common rules for imports of certain textile products originating in third countries

THE COUNCIL OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community, and in particular Article 113 thereof,

Having regard to the proposal from the Commission,

Whereas the Community has concluded agreements with a number of supplier countries on trade in textile products; whereas both those agreements and the rules concerning their management laid down in Regulation (EEC) No 4136/86 (1), as last amended by Commission Regulation (EEC) No 1118/91 (2), apply until 31 December 1991;

Whereas the Community has accepted the extension of the arrangement regarding international trade in textiles on the conditions laid down in the Protocol for the extension of the arrangement and the conclusions adopted by the GATT Textiles Committee on 31 July 1991 and annexed to that Protocol;

Whereas the Community has negotiated a renewal for 1992 of the existing agreements on trade in textile products with a number of supplier countries;

Whereas the agreements in question establish Community quantitative limits for 1992;

Whereas, in order to ensure the best possible utilization of the Community quantitative limits, they should be allocated in accordance with the requirements of the Member States; whereas, however, the extent of the disparities existing in the conditions for importation of these products into the Member States and the particularly sensitive position of the Community textiles industry mean that the said conditions can be standardized only gradually; whereas, for these reasons, allocation of supplies cannot immediately be effected on the basis of requirements alone; whereas the Member States' shares of the Community quantitative limits for 1992 should be established;

Whereas the agreements provide for the possibility of automatic transfers between the shares allocated to the Member States within the Community quantitative limit up to a percentage set at 40 % for 1992;

Whereas the agreements with the Czech and Slovak Federal Republic, the Republic of Hungary and the Republic of Poland provide for the possibility of a different degree of flexibility;

Whereas it is necessary to amend Regulation (EEC) No 4136/86 in order to take account of the extension of the bilateral agreements for 1992 and of the order considerations referred to above, and to maintain in force the remaining provisions of that Regulation;

Whereas the provisions of the Regulation must be applied in accordance with the Community's international obligations, and in particular with those arising from the abovementioned Agreements with supplier countries,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EEC) No 4136/86 is hereby amended as follows:

1. in Article 3:

3. Article 7 (3) shall be replaced by the following:

'3. Without prejudice to paragraph 2, as from 1 June each year the supplier countries may, after notifying the Commission in advance, transfer the unused quantities of the shares allocated to Member States of a Community quantitative limit, as provided for in Article 3, to the shares of the same limit allocated to other Member States, provided that less than 80 % of the share of the Member State from which the transfer is being made has been used and subject to the following percentages of the share to which the transfer is being made: 40 % in 1992.

However, if serious difficulties should arise in particular regions of the Community after the application of the percentage referred to above, as a result of a substantial alteration of trade flows, the Community may immediately request consultations in order to review the situation.';

4. The following paragraph shall be added to Article 8:

'2a. The countries listed in annex IXa may utilize the shares in the ways provided for in paragraph 1, except that:

— for the purposes of point (b), a transfer of 9 % shall be authorized,
