COMMISSION REGULATION (EEC) No 646/92

of 13 March 1992

establishing the forecast supply balance and Community aid for the supply to French Guiana of products falling within CN codes 2309 90 31, 2309 90 33, 2309 90 41, 2309 90 43, 2309 90 51 and 2309 90 53 used in feedingstuffs

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 3763/91 of 16 December 1991 introducing specific measures in respect of certain agricultural products for the benefit of the French overseas departments [1], and in particular Article 3 (5) thereof,

Whereas Article 3 of Council Regulation (EEC) No 3763/91 introduces, for the 1991/92 to 1993/94 marketing years, an exemption scheme for duties on imports into French Guiana and aid for the supply by the rest of the Community of certain cereal products used in feedingstuffs;

Whereas the supply balance for these products for the department of Guiana should be drawn up on the basis of feedingstuffs requirements; whereas it should be permitted to change this balance during the course of the marketing year if necessary;

Whereas, in accordance with Regulation (EEC) No 3763/91, the amount of the aid for the supply of Community products must be determined in such a way that users are supplied on terms equivalent to exemption from levies on direct imports from the world market;

Whereas Commission Regulation (EEC) No 388/92 [2] lays down detailed rules for the implementation of the specific arrangements for the supply of cereal products to the French overseas departments; whereas those provisions, which supplement Commission Regulation (EEC) No 131/92 [3] for the cereals sector, apply to cereals used in feedingstuffs as referred to in this Regulation;

Whereas fixing the aid at an amount equal to the export refund plus a fixed component to take account of conditions for deliveries of relatively small quantities will make Community products competitive in relation to products originating in third countries;

Whereas export refunds are fixed taking account of the prices of cereals and cereal products on the Community market and on the world market; whereas refunds must cover the difference between these prices;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:
