THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to Council Regulation (EEC) No 1601/92 of 15 June 1992 introducing specific measures for the Canary Islands concerning certain agricultural products [1], as amended by Commission Regulation (EEC) No 3714/92 [2], and in particular Articles 3 (4) and 4 (4) thereof,

Whereas Commission Regulation (EEC) No 1724/92 of 30 June 1992 laying down detailed implementing rules for the specific measures for supplying the Canary Islands with products from the pigmeat sector [3], as last amended by Regulation (EEC) No 1155/93 [4], fixes for the period 1 July 1992 to 30 June 1993, on the one hand, the quantities of products from the pigmeat sector of the forecast supply balance which benefit from an exemption in respect of the levy on direct imports from third countries or from Community aid, and on the other hand, the quantities of pure-bred breeding animals originating in the Community which benefit from an aid with a view to developing the potential for production in the archipelago of the Canaries; whereas the said quantities for the pigmeat sector should be determined for the period 1 July 1993 to 30 June 1994, taking account of local production and traditional trade flows, and to amend the aid amount so as to ensure that the proportion of products supplied from the Community is preserved; whereas, in the light of experience, the time limits for the submission and issue of licences and certificates, the duration of their validity and the amount of the security to be lodged by interested parties should be altered;
