COMMISSION REGULATION (EEC) No 179/93

of 29 January 1993

specifying the extent to which applications lodged in January 1993 for import licences in respect of young male bovine animals for fattening may be accepted

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal [1], as last amended by Regulation (EEC) No 125/93 [2], and in particular Article 13 (4) (a) thereof,

Whereas Commission Regulation (EEC) No 3806/92 [3] lays down the number of young male bovine animals which may be imported on special terms during the first quarter of 1993; whereas import licence applications result in the issuing of licences in accordance with the provisions of this Regulation;

Whereas the estimate concerning young male bovine animals weighing up to 300 kg and intended for fattening for the period 1 January to 31 December 1993 as adopted by the Council covers, *inter alia,* the import of animals originating from the Czech and Slovak Federal Republic (CSFR); whereas the latter has been dissolved on 31 December 1992 and succeeded by the Czech Republic and the Slovak Republic; whereas for fixing the number of live bovine animals to be imported under the global tariff quota provided for in the Interim Agreement between the Communities and the former Czech and Slovak Federal Republic, the imports under this estimate have to be taken into account; whereas in 1993 the tariff quota laid down in the above Interim Agreement will be made available without distinction to animals originating in the Czech Republic or in the Slovak Republic and in consequence the import quantities provided for in this estimate for the same year should be treated in an identical way,
