COMMISSION REGULATION (EEC) No 252/93

of 3 February 1993

fixing the export refunds on beef and amending Regulation (EEC) No 3846/87 establishing the nomenclature of agricultural products for export refunds

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal (1), as last amended by Regulation (EEC) No 125/93 (2), and in particular Article 18 thereof,

Whereas Article 18 of Regulation (EEC) No 805/68 provides that the difference between prices on the world market for the products listed in Article 1 of that Regulation and prices for those products within the Community may be covered by an export refund;

Whereas Council Regulation (EEC) No 885/68 (3), as last amended by Regulation (EEC) No 427/77 (4), lays down general rules for granting export refunds and criteria for fixing the amount of such refunds;

Whereas Regulation (EEC) No 32/82 (5), as last amended by Regulation (EEC) No 3169/87 (6), Regulation (EEC) No 1964/82 (7), as amended by Regulation (EEC) No 3169/87, and Regulation (EEC) No 2388/84 (8), as last amended by Regulation (EEC) No 3661/92 (9); lay down the conditions for granting special export refunds on certain cuts of beef and veal and certain preserved beef and veal products;

Whereas it follows from applying those rules and criteria to the foreseeable situation on the market in beef and veal that the refund should be as set out below;

Whereas, given the current market situation in the Community and the possibilities of disposal in certain third countries in particular, export refunds should be granted on adult bovine animals of a live weight of at least 300 kilograms; whereas experience gained in recent years has shown that live pure-bred breeding animals weighing at least 250 kilograms in the case of females and 300 kilograms in that of males should be trated in the saame way as other bovine animals, subject to certain special administrative formalities;

Whereas export refunds should be granted for certain destinations on some fresh or chilled meat listed in the Annex under CN code 0201, on some frozen meat listed in the Annex under CN code 0202, on some meat or offal listed in the Annex under CN code 0206 and on some other prepared or preserved meat or offal listed in the Annex under CN code 1602 50 10;

Whereas, in view of the wide differences in products covered by CN codes 0201 20 90 700 and 0202 20 90 100 used for refund purposes, refunds should only be granted on cuts in which the weight of bone does not exceed one third;

Whereas, in the case of meat of bovine animals, boned or boneless, salted and dried, there are traditional trade flows to Switzerland; whereas, to allow this trade to continue, the refund should be set to cover the difference between prices on the Swiss market and export prices in the Member States; whereas there are possibilities for exporting such meat and also salted, smoked and dried meat to certain African, Near and Middle Eastern countries; whereas a refund should accordingly be set;

Whereas, in the case of certain other cuts and preserves of meat or offal shown in the Annex under CN codes 1602 50 31 to 1602 50 80, the Community share of international trade may be maintained by granting a refund corresponding to that at present available;

Whereas, in the case of other beef and veal products, a refund need not be fixed since the Community's share of world trade is not significant;

(8) OJ No L 221, 18. 8. 1984, p. 28.
(9) OJ No L 370, 19. 12. 1992, p. 16.

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92 [1] are used to convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 3819/92 [2];

Whereas Commission Regulation (EEC) No 3846/87 [3], as last amended by Regulation (EEC) No 3945/92 [4], establishes the agricultural product nomenclature for the purposes of export refunds;

Whereas, in order to simplify customs export formalities for operators, the refunds on all frozen cuts should be brought in line with those on fresh or chilled cuts other than those from adult male bovine animals;

Whereas experience has shown that in certain cases it is often difficult to determine the relevant quantities of beef, veal and other meat contained in prepared or preserved meat covered by CN code 1602 50; whereas exclusively beef and veal products should accordingly be set apart and a new heading should be created for mixtures of meats or offals; whereas checks on products other than mixtures of meat or offal should be stepped up by making the granting of refunds on these products conditional on manufacture under the arrangements provided for in Article 4 of Council Regulation (EEC) No 565/80 of 4 March 1980 on the advance payment of export refunds in respect of agricultural products [5], as amended by Regulation (EEC) No 2026/83 [6];

Whereas refunds on female animals should vary depending on their age in order to prevent abuses in the export of certain pure-bred breeding animals;

Whereas Council Regulation (EEC) No 1432/92 [7], as last amended by Regulation (EEC) No 3534/92 [8], prohibits trade between the Community and the Republics of Serbia and Montenegro; whereas that prohibition does not apply to certain cases given in the limitative enumeration in Articles 2 and 3 of that Regulation; whereas account should be taken of this when the refunds are fixed;

Whereas, notwithstanding the subdivision of the combined nomenclature for prepared and preserved meat, other than uncooked, falling within CN code 1602 50, experience has shown that it is possible to delete from the refund nomenclature several products falling within CN code 1602 50 31 and to amend the list of products falling within CN code 1602 50 80; whereas it is necessary, also, to correct certain errors; whereas, for the purposes of clarification, it is accordingly appropriate to republish the full text of the refund nomenclature;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. The list of products on which export refunds as referred to in Article 18 of Regulation (EEC) No 805/68 are granted and the amount thereof shall be as set out in Annex I hereto.

2. Part 6 of the Annex to Regulation (EEC) No 3846/87 is replaced by Annex II to this Regulation.

Article 2

This Regulation shall enter into force on 5 February 1993.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 3 February 1993.
