COMMISSION REGULATION (EEC) No 2610/93

of 23 September 1993

amending Annex X to Regulation (EEC) No 3587/86 fixing the conversion factors to be applied to the buying-in prices for fruit and vegetables as regards apples

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Economic Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables [1], as last amended by Regulation (EEC) No 638/93 [2], and in particular Article 16 (4) thereof,

Whereas Annex X to Commission Regulation (EEC) No 3587/86 of 20 November 1986 [3], as last amended by Regulation (EEC) No 1787/93 [4], fixes the conversion factors to be appied to the buying-in prices for apples with different commercial characteristics from those used for fixing the basic prices;

Whereas the varieties 'Jonagold' and 'Jonagored' are mentioned both in the list of conversion factors for variety and in the list of large fruited apple varieties; whereas information received in the Commission has shown that all the different mutations of 'Jonagold' have pratically identical characteristics and should be grouped together; whereas the term 'Jonagold' should be replaced by the term 'Jonagold including Jonagored and other mutations' and the term 'Jonagored' deleted, the variety 'Jonagored' being a mutation of the variety 'Jonagold';

Whereas, for the same reasons, the same grouping should be made in the list of coefficients for the mutations of the varieties 'Golden Delicious' and 'Red Delicious';

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,
