COMMISSION REGULATION (EC) No 1005/94

of 29 April 1994

amending for the sixth time Regulation (EC) No 3337/93 adopting exception support measures for the market in pigmeat in Belgium

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 2759/75 of 29 October 1975 on the common organization of the market in pigmeat [1], as last amended by Regulation (EEC) No 1249/89 [2], and in particular Article 20 thereof,

Whereas, because of the outbreak of classical swine fever in one production region in Belgium, exceptional support measures for the market in pigmeat were adopted for that Member State in Commission Regulation (EC) No 3337/93 [3], as last amended by Regulation (EC) No 636/94 [4];

Whereas, in view of new outbreaks of classical swine fever, the veterinary and commercial restrictions were extended by the Belgian authorities to a new area at the beginning of April; whereas it is appropriate to include, as from 20 April, animals from this area in the buying-in scheme provided for in Regulation (EC) No 3337/93;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Pigmeat,

HAS ADOPTED THIS REGULATION:
