COMMISSION REGULATION (EC) No 1011/94

of 29 April 1994

laying down certain additional detailed rules for the application of the supplementary trade mechanism (STM) between Spain and the Community as constituted on 31 December 1985 as regards certain fruit and vegetables

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to the Act of Accession of Spain and Portugal,

Having regard to Council Regulation (EEC) No 3210/89 of 23 October 1989 laying down general rules for applying the supplementary trade mechanism to fresh fruit and vegetables (1), as amended by Regulation (EEC) No 3818/92 (2), and in particular Article 9 thereof,

Whereas Commission Regulation (EEC) No 816/89 (3), as amended by Regulation (EEC) No 3831/92 (4), establishes the list of products subject to the supplementary trade mechanism in the fresh fruit and vegetables sector from 1 January 1990; whereas tomatoes, artichokes, melons, strawberries, apricots and peaches are included in the list;

Whereas Commission Regulation (EEC) No 3944/89 (5), as last amended by Regulation (EEC) No 3308/91 (6), lays down detailed rules for applying the supplementary trade mechanism, hereinafter called the 'STM', to fresh fruit and vegetables;

Whereas Commission Regulation (EC) No 681/94 (7) lays down that the periods referred to in Article 2 of Regulation (EEC) No 3210/89 shall be up to 1 May 1994 for the above products; whereas in view of last expected exports from Spain to the rest of the Community with the exception of Portugal, and of the Community market situation, a period I should be fixed for melons and for artichokes;

Whereas, on the basis of the abovementioned criteria a period I and II should be determined for tomatoes, a period II and III should be determined for strawberries, a period I and II should be determined for apricots and a period I and II should be determined for peaches respectively until 19 June 1994; whereas indicative ceilings should be determined pursuant to Article 3 of Regulation (EEC) No 3210/89 for very short periods, given the sensitivity of these products;

Whereas it should be stipulated that the provisions of Regulation (EEC) No 3944/89 relating to statistical monitoring, to the use of exit documents for Spanish consignments and to the various communications from the Member States apply in order to ensure that the STM operates;

Whereas the need for accurate information justifies communications on the statistical monitoring of trade at more frequent intervals;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:
