COMMISSION REGULATION (EC) No 2173/94

of 5 September 1994

introducing a countervailing charge on certain varieties of plum originating in Hungary

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables [1], as last amended by Regulation (EC) No 3669/93 [2], and in particular the second subparagraph of Article 27 (2) thereof,

Whereas Article 25 (1) of Regulation (EEC) No 1035/72 provides that, if the entry price of a product imported from a third country remains at least 0,6 ECU below the reference price for two consecutive market days, a countervailing charge must be introduced in respect of the exporting country concerned, save in exceptional circumstances; whereas this charge is equal to the difference between the reference price and the arithmetic mean of the last two entry prices available for that exporting country;

Whereas Commission Regulation (EC) No 1324/94 of 8 June 1994 fixing for the 1994 marketing year the reference prices for plums [3] fixed the reference price for class I, group I at ECU 60,71 per 100 kilograms net for the month of September 1994;

Whereas the entry price for a given exporting country is equal to the lowest representative prices recorded for at least 30 % of the quantities from the exporting country concerned which are marketed on all representative markets for which prices are available, less the duties, and the charges indicated in Article 24 (3) of Regulation (EEC) No 1035/72; whereas the meaning of representative price is defined in Article 24 (2) of Regulation (EEC) No 1035/72;

Whereas, in accordance with Article 3 (1) of Commission Regulation (EEC) No 2118/74 [4], as last amended by Regulation (EEC) No 249/93 [5], the prices to be taken into consideration must be recorded on the representative markets or, in certain circumstances, on other markets;

Whereas, for plums of group I originating in Hungary the entry price calculated in this way has remained at least ECU 0,6 below the reference price for two consecutive market days; whereas a countervailing charge should therefore be introduced for these plums;

Whereas the representative market rates defined in Article 1 of Council Regulation (EEC) No 3813/92 [6], as amended by Regulation (EC) No 3528/93 [7], are used to convert amounts expressed in third country currencies and are used as the basis for determining the agricultural conversion rates of the Member States' currencies; whereas detailed rules on the application and determination of these conversions were set by Commission Regulation (EEC) No 1068/93 [8], as amended by Regulation (EC) No 547/94 [9],

HAS ADOPTED THIS REGULATION:
