COMMISSION REGULATION (EC) No 289/94

of 9 February 1994

fixing for the 1994 marketing year the reference prices for cucumbers

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1035/72 of 18 May 1972 on the common organization of the market in fruit and vegetables [1], as last amended by Regulation (EC) No 3669/93 [2], and in particular Article 27 (1) thereof,

Having regard to Council Regulation (EEC) No 3813/92 of 28 December 1992 on the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy [3], as amended by Regulation (EC) No 3528/94 [4], and in particular Article 9 (1) thereof,

Having regard to Commission Regulation (EEC) No 3824/92 of 28 December 1992 laying down the prices and amounts fixed in ecus as a result of the monetary realignments [5], as amended by Regulation (EEC) No 1663/93 [6], and in particular Article 2 thereof,

Whereas, under Article 23 (1) of Regulation (EEC) No 1035/72, reference prices valid for the whole Community are to be fixed at the beginning of the marketing year;

Whereas cucumbers are produced in such quantities in the Community that reference prices should be fixed for them;

Whereas cucumbers harvested during a given crop year are marketed from January to December;

Whereas the quantities harvested during January and the first 10 days of February and during the last 20 days of November and December are so small that there is no need to fix reference prices for all the year; whereas reference prices should be fixed only for the period 11 February up to and including 10 November;

Whereas Article 23 (2) (b) of Regulation (EEC) No 1035/72 stipulates that reference prices are to be fixed at the same level as for the preceding marketing year, adjusted, after deducting the standard cost of transporting Community products between production areas and Community consumption centres in the preceding year, by:

— the increase in production costs for fruit and vegetables, less productivity growth, and

— the standard rate of transport costs in the current marketing year;

Whereas the resulting figure may nevertheless not exceed the arithmetic mean of producer prices in each Member State plus transport costs for the current year, after this amount has been increased by the rise in production costs less productivity growth; whereas the reference price may, however, not be lower than in the preceding marketing year;

Whereas, to take seasonal variations into account, the year should be divided into several periods and a reference price fixed for each of these periods;

Whereas producer prices are to correspond to the average of the prices recorded on the representative market or markets situated in the production areas where prices are lowest, during the three years prior to the date on which the reference price is fixed, for a home-grown product with defined commerial characteristics, being a product or variety representing a substantial proportion of the production marketed over the year or over part thereof and satisfying specified requirements as regards market preparation; whereas, when the average of prices recorded on each representative market is being calculated, prices which could be considered excessively high or excessively low in relation to normal price fluctuations on that market are to be disregarded;

Whereas Community-produced cucumbers are grown mainly under glass; whereas the reference prices for the marketing year must therefore be fixed for a product of that type; whereas cucumbers imported from certain third countries during the same period will have been grown in the open; whereas, although such cucumbers may be classed in class I, their quality and price are not comparable with those of products grown under glass; whereas the prices for cucumbers not grown under glass should therefore be adjusted by a conversion factor;

[6] OJ No L 158, 30. 6. 1993, p. 18.

Whereas Regulation (EEC) No 3824/92 establishes a list of prices and amounts for the fruit and vegetables sector which are to be divided by a coefficient of 1,002583, fixing by Commission Regulation (EEC) No 537/93 [1], as amended by Regulation (EEC) No 1331/93 [2], as from the beginning of the 1993/94 marketing year;

Whereas Article 2 of Regulation (EEC) No 3824/92 lays down that the resulting reduction in the prices and amounts for each sector concerned shall be specified and the level of such reduced prices fixed; whereas, however, this adjustment may not result in a reference price level below that of the preceding marketing year, in accordance with Article 23 (2) of Regulation (EEC) No 1035/72;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fruit and Vegetables,

HAS ADOPTED THIS REGULATION:

Article 1

1. For the 1994 marketing year, the reference prices for cucumbers (CN code 0707 00 11, 19), expressed in ecus per 100 kilograms net of packed products of class I, of all sizes, shall be as follows:

— February (from 11 to 20):	144,61,
(from 21 to 28):	122,42,
— March:	112,14,
— April:	92,76,
— May:	76,12,
— June:	63,76,
— July:	48,28,
— August:	48,65,
— September:	57,62,
— from 1 October to 10 November:	81,62.

2. For the purpose of calculating the entry price, the prices for cucumbers, not produced under glass, imported from third countries shall, after deduction of customs duties, be multiplied by the following conversion factors:

— from 11 February to 30 September: 1,30,

— from 1 October to 10 November: 1,00.

Article 2

This Regulation shall enter into force on 11 February 1994.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 9 February 1994.

For the Commission

René STEICHEN

Member of the Commission
