COMMISSION REGULATION (EC) No 358/94

of 17 February 1994

opening for 1994 and laying down detailed rules for the application of an import quota for live bovine animals weighing between 160 and 300 kilograms, originating in and coming from the Republic of Poland, the Republic of Hungary, the Czech Republic and the Slovak Republic

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 3491/93 of 13 December 1993 on certain procedures for applying the Europe Agreement establishing an association between the European Commuities and their Member States, of the one part, and the Republic of Hungary (1) of the other part, and in particular Article 1 thereof,

Having regard to Council Regulation (EC) No 3492/93 of 13 December 1993 of 13 December 1993 on certain procedures for applying the Europe Agreement establishing an association between the European Communities and their Member States, of the one part, and the Republic of Poland (2), of the other part, and in particular Article 1 thereof,

Having regard to Council Regulation (EEC) No 520/92 of 27 February 1992 on certain procedures for applying the Interim Agreement on trade and trade-related matters between the Euorpean Economic Community and the European Coal and Steel Community, of the one part, and the Czech and Slovak Federal Republic (3), of the other part, as amended by Regulation (EEC) No 2235/93 (4), and in particular Article 1 thereof,

Having regard to Council Regulation (EEC) No 805/68 of 27 June 1968 on the common organization of the market in beef and veal (5), as last amended by Regulation (EC) No 3611/93 (6), and in particular Article 15 (2) thereof,

Whereas the Association Agreements between the European Economic Community and the European Coal and Steel Community, of the one part, and the Republic of Hungary and the Republic of Poland, of the other part, entered into force on 1 January 1994; whereas, pending the entry into force of the Association Agreement concluded with the former Czech and Slovak Federal Republic, the Community has decided to apply with effect from 1 March 1992 an interim agreement concluded with the aforesaid country, hereinafter referred to as 'Interim Agreement';

Whereas the Czech and Slovak Federal Republic was dissolved with effect from 1 January 1993; whereas, as successor States to the Czech and Slovak Federal Repbulic, the Czech Republic and the Slovak Republic will continue to assume all obligations arising from all agreements between the Czecvh and Slovak Federal Republic and the European Communities, and in particular from the Interim Agreement; whereas the said Interim Agreement was amended by additional protocols and by supplementary protocols concluded with the Czech Republic and the Slovak Republic;

Whereas, in view of the trade concessions provided for in the abovementioned Agreements with respect to agricultural products, a Community tariff quota for imports of bovine animals weighing between 160 and 300 kilograms originating in and coming from Poland, Hungary, the Slovak Republic or the Czech Republic at a reduced 25 % levy should be opened for 1994;

Whereas that quota for 1994 amounts to 59 400 head taking into account the estimate of 198 000 head for 1994 of young male bovine animals intended for fattening;

Whereas while recalling the provisions of the Interim Agreements intended to guarantee the origin of the product, the management of the system should be ensured through import licences; whereas, with that in mind, it would be appropriate to define, in particular, the detailed rules for submission of applications, as well as the information which must be included on the applications and licences, notwithstanding certain provisions of Commission Regulation (EEC) No 3719/88 of 16 November 1988 laying down common detailed rules for the application of the system of import and export licences and advance fixing certificates for agricultural products (7), as last amended by Regulation (EC) No 3519/93 (8), and Commission Regulation (EEC) No 2377/80 of 4 September 1980 on special detailed rules for the application of the system of import and export licences in the beef and veal sector (9), as last amended by Regulation (EEC) No 2867/93 (10); whereas provision should also be made for the licences to be issued after a delay for consideration and, where necessary, with the application of a single percentage reduction;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,
