COMMISSION REGULATION (EC) No 1041/95

of 10 May 1995

fixing the amounts to be paid to recognized olive oil producer organizations and associations thereof for the 1994/95 marketing year

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation No 136/66/EEC of 22 September 1966 on the establishment of a common organization of the market in oils and fats [1], as last amended by the Act of Accession of Austria, Finland and Sweden and Regulation (EC) No 3290/94 [2], and in particular Article 20d (4) thereof,

Having regard to Council Regulation (EEC) No 3813/92 of 28 December 1992 on the unit of account and the conversion rates to be applied for the purposes of the common agricultural policy [3], as last amended by Regulation (EC) No 150/95 [4], and in particular Article 6 (2) thereof,

Whereas Article 20d of Regulation No 136/66/EEC provides that a percentage of the production aid is to be withheld to help finance the work of the producer organizations and associations thereof;

Whereas Article 8 (1) of Commission Regulation (EEC) No 3061/84 of 31 October 1984 laying down detailed rules for the application of the system of production aid for olive oil [5], as last amended by Regulation (EC) No 637/95 [6] provides that the unit amounts to be paid to producer organizations and associations thereof are to be fixed on the basis of forecasts of the overall sum to be distributed; whereas the amount withheld was fixed for the 1994/95 marketing year by Council Regulation (EC) No 1875/94 [7]; whereas the funds which will be available in each Member State as a result of the abovementioned amount withheld must be redistributed to those eligible in a suitable manner; whereas in Spain and Portugal the amount withheld is less than that collected in the other Member States as a result of the lower level of production aid;

Whereas to ensure that the distribution of funds among the producer organizations and associations is uniformly implemented, and with a view to clarity, a specific operative event should be established for the agricultural conversion rate for the amounts fixed; whereas, given the nature of the measure and to facilitate the management thereof, 1 February 1995 should be fixed as the operative event;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Oils and Fats,
