COMMISSION REGULATION (EC) No 1742/95

of 17 July 1995

fixing the coefficients for reducing the compensatory payments granted under Regulation (EEC) No 1765/92 in the 1995/96 marketing year in certain regions of the Community

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1765/92 of 30 June 1992 establishing a support system for producers of certain arable crops [1], as last amended by Regulation (EC) No 1664/95 [2], and in particular Article 12 thereof,

Whereas, in order to prevent complicated regionalization plans resulting in actual yields which significantly exceed historical yields, Regulation (EEC) No 1765/92 provides for the reduction of compensatory payments during the following marketing year in proportion to the overrun of the average historical yield resulting from the 1993 regionalization plans;

Whereas the procedure to be used for measuring such overruns is laid down in Regulation (EC) No 1237/95 laying down detailed rules for the application of the stabilizer to the yields used for the calculation of the compensatory payments referred to in Regulation (EEC) No 1765/92 [3];

Whereas application of that method results in the fixing of the coefficients indicated in this Regulation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Joint Management Committee for Cereals, Oils and Fats and Dried Fodder,

HAS ADOPTED THIS REGULATION:

Article 1

Pursuant to Article 3 (6) of Regulation (EEC) No 1765/92, the compensatory payments for the 1995/96 marketing year shall be multiplied by a coefficient of 0,995 in the case of France.

Article 2

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 17 July 1995.
