COMMISSION REGULATION (EC) No 2724/95

of 24 November 1995

fixing the single reduction coefficient for determining the provisional quantity of bananas to be allocated to each Category C operator within the tariff quota for 1996

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 404/93 of 13 February 1993 on the common organization of the market in bananas [1], as last amended by Commission Regulation (EC) No 3290/94 [2],

Having regard to Commission Regulation (EEC) No 1442/93 of 10 June 1993 laying down detailed rules for the application of the arrangements for importing bananas into the Community [3], as last amended by Commission Regulation (EC) No 1164/95 [4], and in particular Article 4 (4) thereof,

Whereas Article 4 (4) of Regulation (EEC) No 1442/93 stipulates that the competent authorities of the Member States must inform the Commission before 10 November 1995 of the total quantity covered by applications from the Category C operators registered with them;

Whereas, on 4 April 1995, the Commission sent the Council a proposal for a Regulation adjusting Regulation (EEC) No 404/93 as regards the volume of the annual tariff quota for the import of bananas into the Community following the accession of Austria, Finalnd and Sweden, whereas, despite the Commission's best efforts, the Council has not yet decided on the increase in the tariff quota on the basis of the above proposal;

Whereas, without pre-empting the measures to be decided by the Council, the quantities for allocation to Category C operators for 1996 should be provisionally established so that the import licences can be issued for the early quarters of that year, whereas the reduction coefficient applying to Category C operators should accordingly be calculated on the basis of a tariff quota amounting to 2 200 000 tonnes, whereas the quantities applied for in respect of 1996 amount to 228 502 930 tonnes and exceed the 77 000 tonnes of the tariff quota set pursuant to Article 19 (1) (c) of Regulation (EEC) No 404/93; whereas a single percentage reduction should therefore be applied to the quantities requested by each operator;

Whereas this Regulation must enter into force immediately, taking account of the time limits laid down in Regulation (EEC) No 1442/93,

HAS ADOPTED THIS REGULATION:

Article 1

The provisional quantity to be allocated to each Category C operator for 1996, within the tariff quota provided for in Articles 18 and 19 of Regulation (EEC) No 404/93, shall be calculated by applying to the quantity applied for by each operator a single reduction coefficient of 0,000337 pursuant to Article 4 (4) of Regulation (EEC) No 1442/93.

Article 2

This Regulation shall apply without prejudice to the measures adopted, where appropriate, for the application of subsequent Council decisions.

Article 3

This Regulation shall enter into force on the day of its publication in the *Official Journal of the European Communities.*

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 24 November 1995.
