COMMISSION REGULATION (EC) No 1250/96

of 28 June 1996

laying down for the second half of 1996 certain detailed rules for the application of a tariff quota for live bovine animals weighing between 160 and 300 kilograms originating in certain third countries

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EC) No 3066/95 of 22 December 1995, establishing certain concessions in the form of Community tariff quotas for certain agricultural products and providing for the adjustment, as an autonomous and transitional measure, of certain agricultural concessions provided for in the Europe Agreements to take account of the Agreement on Agriculture concluded during the Uruguay Round Multilateral Trade Negotiations [1], as modified by Council Regulation (EC) No 1194/96 [2], and in particular Article 8 thereof,

Whereas Regulation (EC) No 1194/96 provides for the extension to the second half of 1996 of a tariff quota of 76 500 live bovine animals weighing between 160 and 300 kilograms originating in Hungary, Poland, Czech Republic, Slovak Republic, Romania, Bulgaria, Lithuania, Latvia and Estonia and benefiting from an 80 % reduction in the rate of customs duties provided for by Regulation (EC) No 3066/95; whereas management measures should be established for the import of those animals;

Whereas, with a view to preventing speculation, the quantity available should be made available for operators able to show that they are carrying out a genuine activity involving trade in a significant number of animals with third countries; whereas, in consideration of this and in order to ensure efficient management, a minimum of 50 animals should be required to have been exported and/or imported during the period 1 July 1995 to 30 June 1996 by the operators concerned; whereas a batch of 50 animals in principle constitutes a normal load and whereas experience has shown that the sale or purchase of a single batch is a minimum requirement for a transaction to be considered real and viable;

Whereas, while recalling the provisions of the Agreements intended to guarantee product origin, the arrangements in question should be managed using import licences; whereas to this end rules should be set on submission of applications and the information to be given on applications and licences, by way of derogation from certain provisions of Commission Regulation (EEC) No 3719/88 of 16 November 1988 laying down common detailed rules for application of the system of import and export licences and advance fixing certificates for agricultural products [3], as last amended by Regulation (EC) No 2137/95 [4], and of Commission Regulation (EC) No 1445/95 of 26 June 1995 on rules of application for import and export licences in the beef and veal sector and repealing Regulation (EEC) No 2377/80 [5], as last amended by Regulation (EC) No 2856/95 [6], whereas it should moreover be stipulated that licences are to be issued following a reflection period and where necessary with a flat-rate percentage reduction applied;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Beef and Veal,

HAS ADOPTED THIS REGULATION:

Article 1

1. As part of the tariff quotas provided for in Regulation (EC) No 3066/95, 76 500 head of live bovine animals falling within CN codes 0102 90 41 or 0102 90 49 originating in the third countries listed in Annex II may hereby be imported in the second half of 1996 in accordance with the provisions of this Regulation.

2. For those animals, the *ad valorem* duty and the specific duties fixed in the Common Customs Tariff (CCT) shall be reduced by 80 %

Article 2

In order to qualify for the quota referred to in Article 1:

(a) applicants for import licences must be natural or legal persons who, at the time applications are submitted, must prove to the satisfaction of the competent authorities of the Member State concerned that they have imported and/or exported during the period 1 July 1995 to 30 June 1996 at least 50 animals falling within CN code 0102 90; applicants must be listed in the national VAT register;

The authorities shall forward this information to the Commission before the beginning of each month.

Article 3

1. Import licence applications may be lodged only from 5 to 12 July 1996.

2. Where the same applicant lodges more than one application, all applications from that person shall be inadmissible.

3. The Member States shall notify the Commission of the applications lodged not later than 19 July 1996. Such notification shall comprise a list of applicants and quantities applied for.

All notifications, including notifications of 'nil' applications, shall be made by telex or fax, drawn up on the model in Annex I to this Regulation in the case where applications have been made.

4. The Commission shall decide to what extent quantities may be awarded in respect of licence applications. If the quantities in respect of which licences have been applied for exceed the quantities available, the Commission shall fix a single percentage reduction in the quantities applied for.

5. Subject to a decision to accept applications by the Commission, licences shall be issued at the earliest opportunity.

6. Import licences shall be issued for a number equal to or greater than 50 head.

If, because of the numbers applied for, the percentage reduction results in fewer than 50 head per import licence, the Member States shall, by drawing lots, allocate licences covering 50 head.

If the remaining balance is less than 50 head, a single licence shall cover that quantity.

7. Licences issued shall be valid throughout the Community.

Article 4

Without prejudice to the provisions of this Regulation, Regulations (EEC) No 3719/88 and (EC) No 1445/95 shall apply.

However, Article 8 (4) of Regulation (EEC) No 3719/88 shall not apply.

Article 5

By derogation from Article 3 of Regulation (EC) No 1445/95, the term of validity of import licences issued shall expire on 31 December 1996.

Article 6

The animals shall qualify for the duties referred to in Article 1 on presentation of an EUR 1 movement certificate issued by the exporting country in accordance with Protocol 4 annexed to the Europe Agreement and in accordance with Protocol 3 annexed to the free-trade Agreements.

Article 7

1. Each animal imported under the arrangements referred to in Article 1 shall be identified by either:

— an indelible tattoo, or

— an official ear tag or an ear tag officially approved by the Member State on at least one of its ears.

2. The said tattoo or tags shall be so designed as to enable the date when the animal was put into free circulation and the identity of the importer to be established, by means of a record made when the animal is put into free circulation.

Article 8

This Regulation shall enter into force on the third day following its publication in the *Official Journal of the European Communities.*

It shall apply from 1 July 1996.

This Regulation shall be binding in its entirety and directly applicable in all Member States.
