COMMISSION REGULATION (EC) No 922/96

of 23 May 1996

on the issuing of a standing invitation to tender for the sale of common wheat of breadmaking quality held by the German intervention agency for the World Food Programme

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 1766/92, of 30 June 1992, on the common organization of the market in cereals [1], as last amended by Regulation (EC) No 1863/95 [2], and in particular Article 5 thereof,

Whereas Commission Regulation (EEC) No 2131/93 [3], as amended by Regulation (EC) No 120/94 [4], lays down the procedure and conditions for the disposal of cereals held by intervention agencies;

Whereas certain quantities of common wheat are needed to implement the food-aid programmes of the World Food Programme; whereas, given the current difficult situation on the world market in common wheat, and to ensure that the World Food Programme has a reliable source of supply for part of its needs, a specific invitation to tender should be opened under conditions appropriate to the competitive situation now existing on the world market;

Whereas the German intervention agency holds stocks of common wheat of breadmaking quality; whereas part of the wheat coming from the intervention stocks held by the aforementioned agency should therefore be resold to the World Food Programme; whereas to meet its quantitative and qualitative needs; the common wheat successfully tendered for must be exported by 31 August 1996 at the latest;

Whereas the specific nature of the operation and the accounting position of the common wheat in question require greater flexibility in the mechanisms and obligations governing the resale of intervention stocks and also require exclusion of any refund, tax or monthly increase; whereas special procedures must be laid down to ensure that the operations and their monitoring are properly effected; whereas to that end provision should be made for a security lodgment scheme which ensures that the aims are met while avoiding excessive costs for the operators; whereas derogations should accordingly be made to certain rules, in particular those laid down in Regulation (EEC) No 2131/93;

Whereas, in addition to the conditions laid down in Article 30 of Commission Regulation (EEC) No 3719/88 [5], as last amended by Regulation (EC) No 2137/95 [6], it should be laid down that the export licence security may only be released when proof has been provided that the common wheat has been taken over by the World Food Programme;

Whereas, where removal of the wheat is delayed by more than five days, or the release of one of the securities required is delayed, for reasons imputable to the intervention agency the Member State concerned will have to pay compensation;

Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Cereals,

HAS ADOPTED THIS REGULATION:

Article 1

1. A standing invitation to tender is hereby issued for the export of:

— 50 019 tonnes of common wheat of breadmaking quality, held by the German intervention agency.

2. The regions in which the 50 019 tonnes of German common wheat of breadmaking quality are stored are listed in Annex I.

3. The intervention agency concerned shall prepare a notice of invitation to tender indicating for each lot or, where appropriate, each part lot:

— the location,

— and at least the following features:

  — specific weight,
  — moisture content,
  — Hagberg falling number,
  — impurity contents and sprouted grains,
  — protein content.

4. It shall publish the notice of invitation to tender at least two days before the date set for the first partial invitation to tender.

[6] OJ No L 214, 8. 9. 1995, p. 21.

Article 2

Subject to the provisions of this Regulation, the sales of common wheat of breadmaking quality referred to in Article 1 shall take place in accordance with the procedure and conditions laid down by Regulation (EEC) No 2131/93.

Article 3

1. The time limit for submitting tenders for the first partial invitations to tender shall be 9 a.m. (Brussels time) on Thursday 30 May 1996.

2. The time limit for submitting tenders for the second partial invitation to tender shall be 9 a.m. (Brussels time) on the following Thursday.

The time limit for the last partial invitation to tender shall be 25 July 1996.

3. Tenders must be submitted to the German intervention agency.

Article 4

1. Tenders shall only be admissible if:

— the tenderer provides written proof from the World Food Programme that he has concluded for the quantity in question a commercial supply contract for common wheat of breadmaking quality to this organization. Such proof shall be lodged with the intervention agency at least two working days before the date of the first invitation to tender,

— they are accompanied by an application for an export licence for the destination in question.

The proof provided for in the first indent shall also indicate the quality provided for in the contract, the time limit for delivery and the price terms.

The Member State shall send the Commission a copy of the said proof forthwith, for information.

2. Tenders may not exceed the quantity laid down in the commercial contract submitted.

When transmitting the tenders submitted, the Member State shall inform the Commission of the above, mentioning the names of the tenderers involved.

Article 5

1. No export refund or export tax or monthly increase shall be applied for exports carried out pursuant to this Regulation.

2. The validity of the export licences issued in accordance with this Regulation shall expire on 31 August 1996.

3. The licence obliges the operator to deliver to the World Food Programme the quantity for which the licence application was submitted.

4. The export licences shall be issued as soon as the successful tenderers have been selected.

5. Article 9 of Regulation (EEC) No 3719/88 notwithstanding, the rights deriving from the licence referred to in this Article shall not be transferable.

Article 6

1. The intervention agency, the storer and the successful tenderer, if he so wishes, shall, by common agreement, either before or at the moment of removal from storage, as the successful tenderer chooses, take reference samples at the rate of at least one sample for every 500 tonnes, and shall analyse the samples. The intervention agency may be represented by a proxy, provided this is not the storer.

The Commission must be informed of the findings of the analyses in the event of a dispute.

Reference samples shall be taken and analysed within seven working days of the date of the successful tenderer's request or within three working days if the samples were taken on removal from storage. If the final result of the sample analyses indicates a quality:

(a) greater than that specified in the notice of invitation to tender, the successful tenderer must accept the lot as established;

(b) greater than the minimum characteristics required for intervention but below the quality described in the notice of invitation to tender, with the difference remaining within a limit of up to:

— 2 kg/hl for the specific weight, which must not, however, be less than 72 kg/hl,

— one percentage point for the moisture current,

— 20 percentage points for the Hagberg falling index,

— one percentage point for the protein content,

— half a percentage point for the impurities referred to in B.2 and B.4 of the Annex to Commission Regulation (EEC) No 689/92 (1)

and

— half a percentage point for the impurities referred to in point B.5 of the Annex to Regulation (EEC) No 689/92, the percentages admissible for noxious grains and ergot, however, remaining unchanged,

the successful tenderer must accept the lot as established;

(1) OJ No L 74, 20. 3. 1992, p. 18.

(c) greater than the minimum characteristics required for intervention but below the quality described in the notice of invitation to tender with the difference surpassing the limit referred to in point (b), the successful tenderer may:

— either accept the lot as established,

— or refuse to take over the lot in question. The successful tenderer shall be released from all his obligations relating to the lot in question, including the securities, only once he has informed the Commission and the intervention agency forthwith, in accordance with Annex IV; however, if he requests the intervention agency to supply him with another lot of intervention bread-making wheat of the quality laid down, and that without additional charges, the security shall not be released. The lot must be replaced within a maximum of three days from the date of the successful tenderer's request. The successful tenderer shall immediately inform the Commission thereof in accordance with Annex IV;

(d) below the minimum characteristics required for intervention, the successful tenderer may not remove the lot in question. He shall be released from all his obligations relating to the lot in question, including the securities, only once he has informed the Commission and the intervention agency forthwith, in accordance with Annex IV; however, he may request the intervention agency to supply him with another lot of intervention bread-making wheat of the quality laid down, without additional charges. In this case, the security shall not be released. The lot must be replaced within a maximum of three days from the date of the successful tenderer's request. The successful tenderer shall immediately inform the Commission thereof in accordance with Annex IV.

2. However, if the bread-making wheat is removed before the results of the analysis are known, all risks shall be borne by the successful tenderer from the time of removal of the lot, without prejudice to the forms of recourse the successful tenderer may have against the storer.

3. If, after successive replacements, the successful tenderer has not received a replacement lot of the quality laid down within one month of the date of his request for replacement, he shall be released from all his obligations, including the securities once he has informed the Commission and the intervention agency forthwith in accordance with Annex IV.

4. The costs of the taking of samples and the analyses referred to in paragraph 1, except those where the final result of the analyses produces a quality inferior to the minimum characteristics required for intervention, shall be borne by the EAGGF up to a maximum of one analysis per 500 tonnes with the exception of the transsilage costs.

The cost of transsilage and of any additional analyses requested by the successful tenderer shall be borne by him.

Article 7

The successful tenderer shall pay for the common wheat before removing it at the price indicated in the tender. The final date for removal is 23 August 1996.

The payment due for each of the lots to be removed shall be indivisible.

Article 8

1. The security lodged pursuant to Article 13 (4) of Regulation (EEC) No 2131/93 must be released once the export licences have been issued to the successful tenderers.

2. The obligation to deliver to the World Food Programme shall be covered by a security amounting to ECU 45 per tonne of which ECU 20 per tonne shall be lodged upon issue of the export licence, with the balance of ECU 25 being lodged before removal of the cereals.

Article 15 (2) of Commission Regulation (EEC) No 3002/92 [1] notwithstanding:

— the amount of ECU 45 per tonne must be released within 15 working days of the date on which the successful tenderer supplies proof that the common wheat has been taken over by the World Food Programme. This proof shall be supplied in accordance with Articles 18 and 47 of Commission Regulation (EEC) No 3665/87 [2].

3. Except in duly substantiated exceptional cases, in particular the opening of an administrative enquiry, any release of the securities provided for in this Article after the limits specified in this same Article shall confer an entitlement to compensation from the Member State amounting to 0,015 ECU/10 tonnes for each day's delay.

This compensation shall not be charged to the EAGGF.

Article 9

Article 12 of Regulation (EEC) No 3002/92 notwithstanding, the documents relating to the sale of common wheat in accordance with this Regulation and in particular the export licence, the removal order referred to in Article 3 (1) (b) of Regulation (EEC) No 3002/92, the export declaration and, where appropriate, the T5 control copy must bear the words:
