ANNEX

Description of the goods	Classification CN code	Reason
(1)	(2)	(3)
Footwear of moccassin-type with uppers of leather, with outer soles of plastic, covered with a layer of textile material which makes contact with the ground (see photograph No 591) (*)	6403 99 91	Classification is determined by the provisions of General Rules 1 and 6 for the interpretation of the Combined Nomenclature, Note 4(b) to Chapter 64, and the wording of the CN codes 6403, 6403 99 and 6403 99 91. The application of the abovementioned chapter note and considering that the characteristics of the layer of textile material result in the outer soles having to be regarded as plastic soles, the layer of textile material does not possess the characteristics of durability and/or strength usually required for normal use of an outer sole. These goods are therefore not classifiable within CN code 6405
