COMMISSION REGULATION (EC) No 1471/1999

of 5 July 1999

amending Regulation (EC) No 347/96 establishing a system of rapid reporting of the release of salmon for free circulation in the European Community

THE COMMISSION OF THE EUROPEAN COMMUNITIES,

Having regard to the Treaty establishing the European Community,

Having regard to Council Regulation (EEC) No 3759/92 of 17 December 1992 on the common organisation of the market in aquaculture and fisheries products [1], as last amended by Regulation (EC) No 3318/94 [2], and in particular Article 30 thereof,

(1) Whereas by Regulation (EC) No 347/96 [3] the Commission established a system of rapid reporting of the terms of importation of salmon on account of market disturbance and the imposition of a temporary minimum price;

(2) Whereas following the conclusion of anti-dumping and anti-subsidies investigations, Council Regulation (EC) No 772/1999 [4] as last amended by Regulation (EC) No 1003/1999 [5], imposes definitive anti-dumping and countervailing duties and an effective minimum price by presentation of salmon, on imports of farmed Atlantic salmon originating in Norway; whereas these duties do not apply to wild Atlantic salmon falling within the same CN codes;

(3) Whereas the duties do not apply to imports for farmed Atlantic salmon exported by the companies listed in the Annex to Regulation (EC) No 772/1999, which are companies exempted from the duties on account of having offered price undertakings, which the Commission has accepted by Decision 97/634/EC [6] as last amended by Regulation (EC) No 929/1999 [7];

(4) Whereas in order to improve the usefulness of the information communicated through the rapid reporting system and to allow monitoring of the undertakings and of the anti-dumping and anti-subsidy duties, information relating to imports of salmon should be further broken down both by type and presentation and by exporting company in the case of Norway by amending Regulation (EC) No 347/96;

(5) Whereas the list of undertakings has been repeatedly amended due to violations, withdrawals, or acceptance of new undertakings; whereas it is expected that similar amendments will occur in the future;

(6) Whereas the technology now exists to send computer-generated data by electronic mail and therefore the form of transmission should be definitively introduced and the message format defined; whereas Regulation (EC) No 347/96 should be amended to this end;

(7) Whereas the measures provided for in this Regulation are in accordance with the opinion of the Management Committee for Fishery Products,

HAS ADOPTED THIS REGULATION:
